

Reversible Polarity

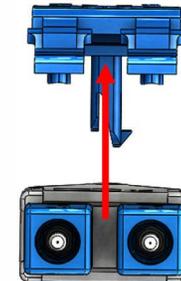

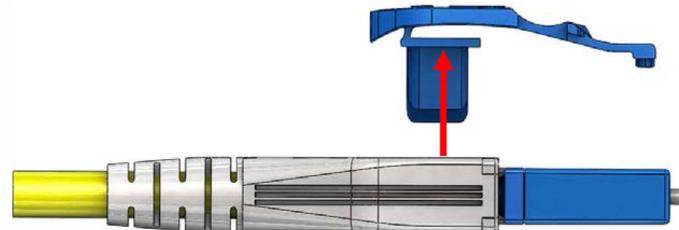

1

Apply pressure toward center of Trigger clip and inward (over and up).
 Trigger Clip will disengage from assembly

2

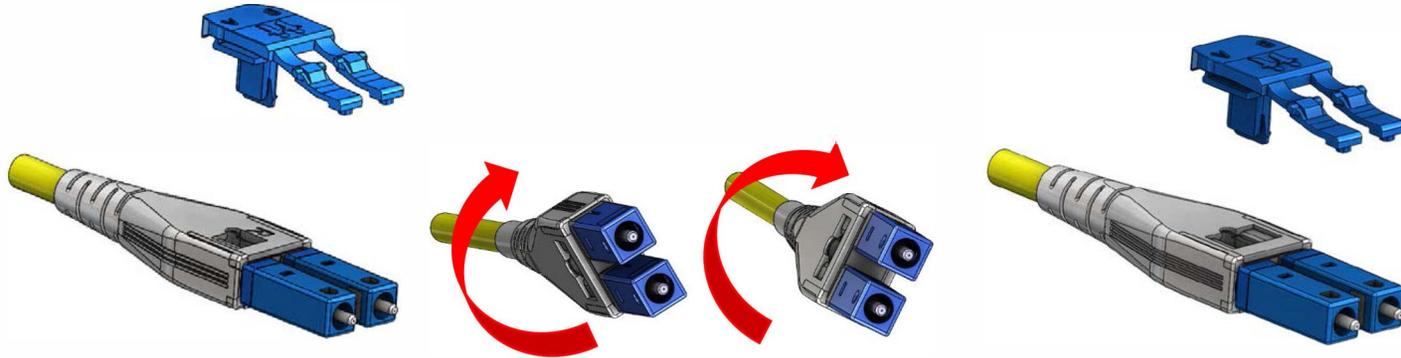

Lift Trigger Clip up & off connector
 assembly

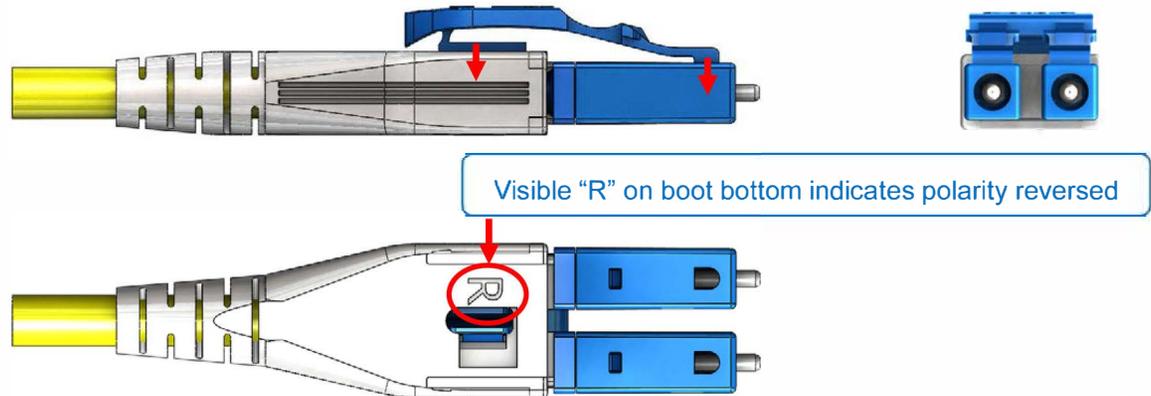

Patented

Reversible Polarity

3 Rotate connector assembly 180 degrees, ("R" on boot top center hole, is now on bottom)

4 Press fit Trigger Clip firmly back into 180 degree reversed connector assembly

Visible "R" on boot bottom indicates polarity reversed
