

LF100

Low-Profile Fixed TV Wall Mount

PRODUCT DESCRIPTION

Designed for streamlined installations, LF100 delivers a sleek, ultra-low-profile solution for screens 15" to 45". Sitting just 0.5" from the wall, it creates a clean, picture-frame aesthetic ideal for modern spaces. To ensure maximum compatibility, LF100 includes two VESA plates – 100x100 and 200x200 – so you can mount smaller TVs without blocking ports or interfering with inputs, while still accommodating larger panels. Installation is quick and straightforward with a single-stud design that can fit into narrow recesses, and an included 280 mm Allen key to secure the TV plate to the wall plate to ensure the job can be completed on-site without the need for extension bits or special tools.
