# AVAILABLE PRODUCT LINE

PART NO.	SIZE	DESCRIPTION	FEATURES	APPLICATIONS
<b>10032</b>	1 qt. Trigger Sprayer Bottle 12 / PK.	<b>Super Lube® Super Kleen Cleaner/Degreaser</b> Industrial strength, multi-purpose non-solvent cleaning solution.	Biodegradable, pH = 9 (concentrate), Contains no solvents, Non-flammable, Environmentally friendly	Basin style parts washer, Compressors, Hard surfaces, Machinery, Tools
<b>31110</b>	11 oz. Aerosol 12 / PK.	<b>Super Lube® Multi-Purpose Synthetic Lubricant with Syncolon® (PTFE)</b> Aerosol lubricant	Prevents rust and corrosion while reducing friction, Superior anti-wear performance, Penetrates and coats, Will not drip, run, or evaporate, Withstands freezing temps., High dielectric strength	Bearings, Conveyors, Chains, Pumps, Open Gears, Machines
<b>41150</b>	14 oz. Cartridge 12 / PK.	<b>Super Lube® Multi-Purpose Synthetic Grease with Syncolon® (PTFE)</b> Premium lubricant	Dielectric, Impervious to salt water, Safe in potable water, Prevents rust and corrosion while reducing friction, Wide temp. range -45°F to 450°F (-43°C to 232°C)	Cams, slides, valves, conveyors, chains, O-Ring lubrication, Parts lubricant
<b>51010</b>	7 ml. Precision Oiler (Blistered) 12 / PK.	<b>Super Lube® Multi-Purpose Synthetic Oil with Syncolon® (PTFE)</b> General-purpose lubricant	Waterproof, Clean, Synthetic Blend with Syncolon® (PTFE), Dielectric, Reduces friction and wear, Rust and corrosion inhibitor	Plain, anti-friction and roller bearings, Enclosed industrial gears, Hinges, nuts and bolts, Machine tools, Chains and cables
<b>91003</b>	3 oz. Tube 12 / PK.	<b>Super Lube® Silicone Dielectric Grease</b> Waterproof, non-curling silicone compound ideal for sealing	Vacuum grease, High dielectric strength, Seals out moisture, Lubricates rubbers and plastics, Protects electrical components from corrosion, Wide temp. range	Electrical insulation, damping and lubrication of brass components and O-rings. Vacuum/Chamber Sealant
<b>91015</b>	400 gram Cartridge 12 / PK.	<b>Super Lube® Silicone Dielectric Grease</b> Waterproof, non-curling silicone compound ideal for sealing	Vacuum grease, High dielectric strength, Seals out moisture, Lubricates rubbers and plastics, Protects electrical components from corrosion, Wide temp. range	Electrical insulation, damping and lubrication of brass components and O-rings. Vacuum/Chamber Sealant
<b>93003</b>	3 oz. Tube	<b>Super Lube® O-Ring Silicone Grease</b>	Dielectric, NSF (H1) rated vacuum grease, Seals out moisture, Lubricates rubber and plastic, Heavy consistency, Wide temp. range -40°F to 500°F	O-rings, Rubber gaskets, Seals, Vacuum chamber sealant, Refrigeration hoses, Pump o-rings and gaskets
