1 Identification of the substance and manufacturer

Trade name: Product code: Recommended use: Uses advised against: Manufacturer/Supplier: Emergency telephone number:	CONCRETE RENEW 0000200600 Paint and coatings application. Any that differs from the recommended use Seymour of Sycamore 917 Crosby Avenue Sycamore, IL 60178 USA phone: 815-895-9101 www.seymourpaint.com 1-800-255-3924	s. Seymour of Sycamore 3041 Dougall Avenue, Suite 503 Windsor, ONT N9E 1S3 CANADA phone: 800-435-4482 www.seymourpaint.com
2 Hazard(s) identification		
Classification of the substance or m	ixture	
Flammable Aerosols 1	H222 Extremely flammable	
Gases under Pressure - Liquefied gas		ressure; may explode if heated.
Eye Irritation 2A	H319 Causes serious eye in	
Carcinogenicity 2		cancer. Route of exposure: Inhalation.
Specific Target Organ Toxicity - Repea Additional information: GHS Hazard pictograms	ted Exposure 2 H373 May cause damage to GHS02 GHS04 GHS07 GHS08	organs through prolonged or repeated exposure.
Signal word Hazard statements	Danger	
Precautionary statements	Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes serious eye irritation. Suspected of causing cancer. Route of exposure: Inhalation. May cause damage to organs through prolonged or repeated exposure. Obtain special instructions before use. Keep away from heat/sparks/open flames/hot surfaces No smoking. Do not spray on an open flame or other ignition source.	
	Pressurized container: Do not pierce or burn Do not breathe dust/fume/gas/mist/vapors/s	n, even after use. spray.
	Wash thoroughly after handling. Wear protective gloves/protective clothing/e If in eyes: Rinse cautiously with water for s	
	easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.	
	Store in a well-ventilated place. Protect from sunlight. Do not expose to tem Dispose of contents/container in accordance	peratures exceeding 50°C/122°F. e with local/regional/national/international regulations.

3 Composition/information on ingredients			
Chemical characterization: Mixtures Chemical Description: This product is a mixture of the substances listed below with nonhazardous additions.			
Dangerous components:			
64742-89-8 VM&P Naphtha		15-25%	
74-98-6 propane		15-25%	
106-97-8 n-butane		5-10%	
1317-65-3 Calcium Carbonate		5-10%	
64742-47-8 Mineral Spirits		1-5%	
13463-67-7 titanium dioxide		1-5%	
After skin contact: After eye contact: After swallowing: Most important symptoms and effects: Indication of any immediate medical			
attention needed: 5 Fire-fighting measures Extinguishing agents:	No further relevant information available. CO2, extinguishing powder or water spray. Fight larger fires with water spray.

10 Stability and reactivity	
10 Stability and reactivity	Stable at normal temperatures
Reactivity: Conditions to avoid:	Stable at normal temperatures. Do not allow can to exceed 120 degrees Fahrenheit. Do not warehouse in subfreezing
	temperatures.
Chemical stability: Not fully evaluated.	
Possibility of hazardous reactions:	No dangerous reactions known. No further relevant information available.
Incompatible materials: Hazardous decomposition:	No dangerous decomposition products known.
11 Toxicological information	
11 Toxicological information	
LD/LC50 values that are relevant fo	r classification:
13463-67-7 titanium dioxide	
Oral LD50 >20,000 mg/kg (
Dermal LD50 >10,000 mg/kg (rbt)
Inhalative LC50/4 h >6.82 mg/l (rat)	
Information on toxicological effects Skin effects:	Irritant to skin and mucous membranes.
Eye effects:	No irritating effect.
Sensitization:	No sensitizing effects known.
12 Ecological information	
Aquatic toxicity:	Hazardous for water, do not empty into drains.
Persistence and degradability:	The product is degradable after prolonged exposure to natural weathering processes.
Other information:	This product does not contain any chlorofluorocarbons (CFC's), hydrochlorofluorocarbons
	(HCFC's), perfluorocarbons (PFC's), heavy metals (chromium, lead, cadmium), or chlorinated solvents.
Bioaccumulative potential:	No further relevant information available.
Mobility in soil:	No further relevant information available.
Other adverse effects:	No further relevant information available.
13 Disposal considerations	
Dispose of in accordance with local	state, and federal regulations. Do not puncture, incinerate, or compact. Partially empty cans must be
disposed of responsibly. Do not heat of	state, and federal regulations. Do not puncture, incinerate, or compact. Partially empty cans must be or cut empty containers with electric or gas torches.
disposed of responsibly. Do not heat of Recommendation:	or cut empty containers with electric or gas torches. Completely empty cans should be recycled.
