# CORROSION-RESISTANT STAINLESS STEEL CONNECTORS

## FOR THE HARSHEST ENVIRONMENTS

### THE LARGEST SELECTION OF CONNECTORS IN STOCK IN SIZES UP TO 4"

Remke Stainless Steel Connectors (RSSS) are In STOCK and ready to ship. Choose from the widest selection of the following...

- Standard & Deluxe cord grips
- Liquidtight conduit fittings
- Watertight conduit hubs
- Metal clad cable connectors
- Ventilation plugs
- Custom stainless steel connectors in small or large quantities are also available.

Manufactured to perform in the toughest applications, Remke RSSS Connectors provide the greatest durability against corrosion, harsh climatic conditions, harmful environmental influences and high humidity.

Stainless connectors are recommended for use in washdowns or high moisture environments.

## COMPARE STAINLESS STEEL CONNECTOR MANUFACTURERS & CROSS REFERENCE PARTS ON [WWW.REMKE.COM](http://WWW.REMKE.COM)

### INDUSTRIES THAT REQUIRE CORROSION RESISTANCE

- Food & Beverage Processing
- Wastewater Treatment

- Pharmaceutical Plants
- Petrochemical Facilities/Refineries

- Marine & Offshore
- Pulp and Paper Mills

- Chemical Manufacturing

## STANDARD STAINLESS STEEL CORD CONNECTORS

- Type 304 standard & Type 316 available upon request
- 11 Conduit sizes in stock: 3/8", 1/2", 3/4", 1", 1-1/4", 1-1/2", 2", 2 1/2", 3", 3 1/2" and 4" (NPT)
- 61 in-stock part numbers
- 55 in-stock part numbers with wire mesh
- Rated NEMA 4, 4X and 12
- Options: Stainless lock nuts
- Options: silicone bushing in-stock for high temperature & extreme environments, bushing for flat cables, and multiple-hole bushings for various connector and cable styles

## STAINLESS STEEL LIQUIDTIGHT CONDUIT FITTINGS

- Type 304 is standard
- 7 Conduit sizes in stock: 3/8", 1/2", 3/4", 1", 1-1/4", 1-1/2", 2" (NPT)
- 7 straight part numbers in-stock and 7 ninety-degree part numbers in-stock
- Rated IP 68 and NEMA 4X

## CUSTOM STAINLESS STEEL CONNECTORS

- Custom products, specials, adaptations and variations
- Competitors do not offer this service for their stainless steel connectors
- Available for small or large quantities
- Available with Pg or Metric Threads

## STAINLESS STEEL WATERTIGHT CONDUIT HUBS

- Type 316 is standard
- 10 conduit sizes in stock: 1/2", 3/4", 1", 1-1/4", 1-1/2", 2", 2-1/2", 3", 3-1/2", 4" (NPT)
- 10 part numbers in-stock and 10 grounded style part numbers in-stock
- Rated NEMA 4, 4X and 12

## STAINLESS STEEL JACKETED METAL CLAD CABLE CONNECTORS

- Type 304 is standard & Type 316 available upon request
- 10 conduit sizes in stock: 1/2", 3/4", 1", 1-1/4", 1-1/2", 2", 2-1/2", 3", 3-1/2", 4" (NPT)
- Rated NEMA 4 and IP 65

## STAINLESS STEEL VENTILATION PLUGS

- Reduce adverse affects of humidity in the environment by preventing pressure increase inside the enclosure & limiting temperature increase through air circulation
- 3 thread sizes in stock
- Additional thread sizes & permeability levels (medium, high and ultra high) are available upon request
- Rated IP69K

# MORE INDUSTRIAL-STRENGTH CONNECTORS FROM REMKE

## CORROSION RESISTANT CORD CONNECTORS

Our Made-In-The-USA family of corrosion-resistant cord connectors are designed to withstand the extremes of water, caustic materials, detergents or surfactants. Available in Nickel-Plated Aluminum, Nylon, Valox® and Steel in a wide range of conduit sizes. All connectors either meet or excel IP 67 or IP 68 standards.

## TUFF-SEAL™ WIRE MANAGEMENT PRODUCTS

Our Made-In-The-USA line of cord connectors & wire mesh grips provide the cable strain relief you need, are in stock and ready to ship! Our cord grips & wire mesh cable grips are ideally suited for use either as part of your plant infrastructure or as part of the equipment your company sells.

## TUFF-LINK™ MOLDED CONNECTORS

Our Made-In-The-USA line of molded connectors & cordsets meet the standards you need for use with sensors and control devices. Our quick disconnect connectors provide easier initial installations & quick component replacement in all types of industrial applications.

## ENGINEERED SOLUTIONS

The Remke Engineered Solutions is dedicated to designing custom connectors, adaptations & variations. We have the ability to fast-track design & create prototypes within days, depending on the level of modification required. Let Remke help you keep your resources focused on what you do best, and we'll do the same.
