HVAC Air-Trap™ PLP-SERIES AC Condensate Trap

- ✔ Will never "dry out" or freeze because it does not depend on water to seal
- ✔ Eliminates sludge buildup that normally accumulates in standard "P" traps
- ✔ Does not require standing water to prevent air leakage

PLP-084

2 7/8"

PLP-084 Features & Specifications

The PLP-084 HVAC Air-Trap™ is the first compact AC Condensate Trap to use air pressure developed by the AC fans to prevent conditioned air from entering or leaving the unit.

- ✔ Low profile - only 2-7/8" from centerline of drain outlet to roof of slab

Connection Size	Length	Max Pos. Pressure of WC	Max Neg. Pressure of WC
1.5 in	7.75 in	0-40 in	N/A

PLP-051

2"

PLP-051 Features & Specifications

The PLP-051 is a new addition to Des Champs Technologies' PLP Series. A solution for lower pressures, 0-5" WC pressure, the PLP-051 requires only 2" height.

- ✔ Low profile - only 2" from centerline of drain outlet to roof of slab
- ✔ 1" from inlet to outlet

Connection Size	Length	Max Pos. Pressure of WC	Max Neg. Pressure of WC
.75 in	5.6 in	0-40 in	N/A
