

ACCESSORIES

PRIVACY SCREENS

Reduce ambient noise distractions while creating a more personal workspace with RightAngle™ acoustic **Privacy Screens**.

Custom configured to meet your needs; our sustainable Privacy Screens can be made to accessorize nearly any training table or desk that RightAngle™ offers, as well as many competitor products.

Privacy Screen Features

- Acoustic design elements to promote sound absorption (Noise Reduction Coefficient = 0.45*)
- Tackable, impact resistant, bacteria resistant, and moisture resistant
- All panels are 24" in total height and are available in five optimized widths: **24", 36", 48", 60" or 72"**
- Two marblesque color options offered, in **Light Grey or Dark Grey**, to accent your Black or Silver base with an industrial chic feel
- Brackets are mounted directly under the worksurface for a clean, professional look (without interference with workspace or Wire Management Boxes)
- Eco-Friendly! **100% recyclable** with NO Volatile Organic Compounds (VOC's)
- Made of thermoplastic polyester (PET or PETE), which is primarily made from recycled plastic bottles
