

## HOW TO CLEAN

1 SOAK

2 BRUSH

3 DISHWASHER

**FOR RUBBER**, rinse with warm water and dish soap and use a KONG cleaning brush to scrub inside. Place it on the top rack of the dishwasher, avoiding the heated drying cycle. Excess heat can damage rubber KONG toys.

**FOR OTHER TOYS**, simply wipe down with Rescue or a similar pet-safe cleaning product between appointments. Allow it to dry completely, or rinse it with warm water before using it with the next patient.

## WHEN TO REPLACE

- Replace **rubber products** when they begin to crack or show wear that you find concerning.
- Replace **toys** when holes develop, seams come apart, or general wear and tear indicates it's time for the toy to be retired.

If clients are interested in purchasing products from the kits, or if you would like to offer KONG items for sale in your clinic, email us at:

## KONG® CLINIC KIT

## FOR DOGS

# WELCOME TO KONG'S CLINIC PROGRAM!

We understand how stressful vet visits can be for dogs.

That's why we put together clinic kits with the help of veterinarians (and very eager doggie toy testers) for you to use at your practice.

KONG shares your passion for improving the lives of animals. We believe these kits will enhance your patients' experience and make your job easier.

## WHAT'S INSIDE

- LICKS MAT
- LICKS SPINZ
- KONG® CLASSIC
- SIGNATURE STICK
- EASY TREAT®

## HOW TO USE

### licks MAT

Perfect for short procedures like vaccinations, nail trims, and more. Spread some peanut butter Stuff'n, and let them focus on licking every last bit!

### licks SPINZ

A step up in difficulty from the Licks mat, this toy can be used for longer procedures, such as physical exams and blood draws.

### KONG CLASSIC

A KONG can make a big difference for longer procedures like acupuncture and laser therapy. Simply load it with treats, kibble, or KONG Easy Treat to occupy your patient.

**PRO TIP:** You can freeze it for an even longer distraction.

### SIGNATURE STICK

For dogs that are motivated by play, these durable squeak toys can be used to help distract and positively reinforce good behavior.

### EASY TREAT®

A delicious peanut butter flavored treat for lick mats and KONGs.
