

TORK®

TIMERS, SWITCHES AND SIGNALS SWITCHING TO SUCCESS

PRODUCT BROCHURE

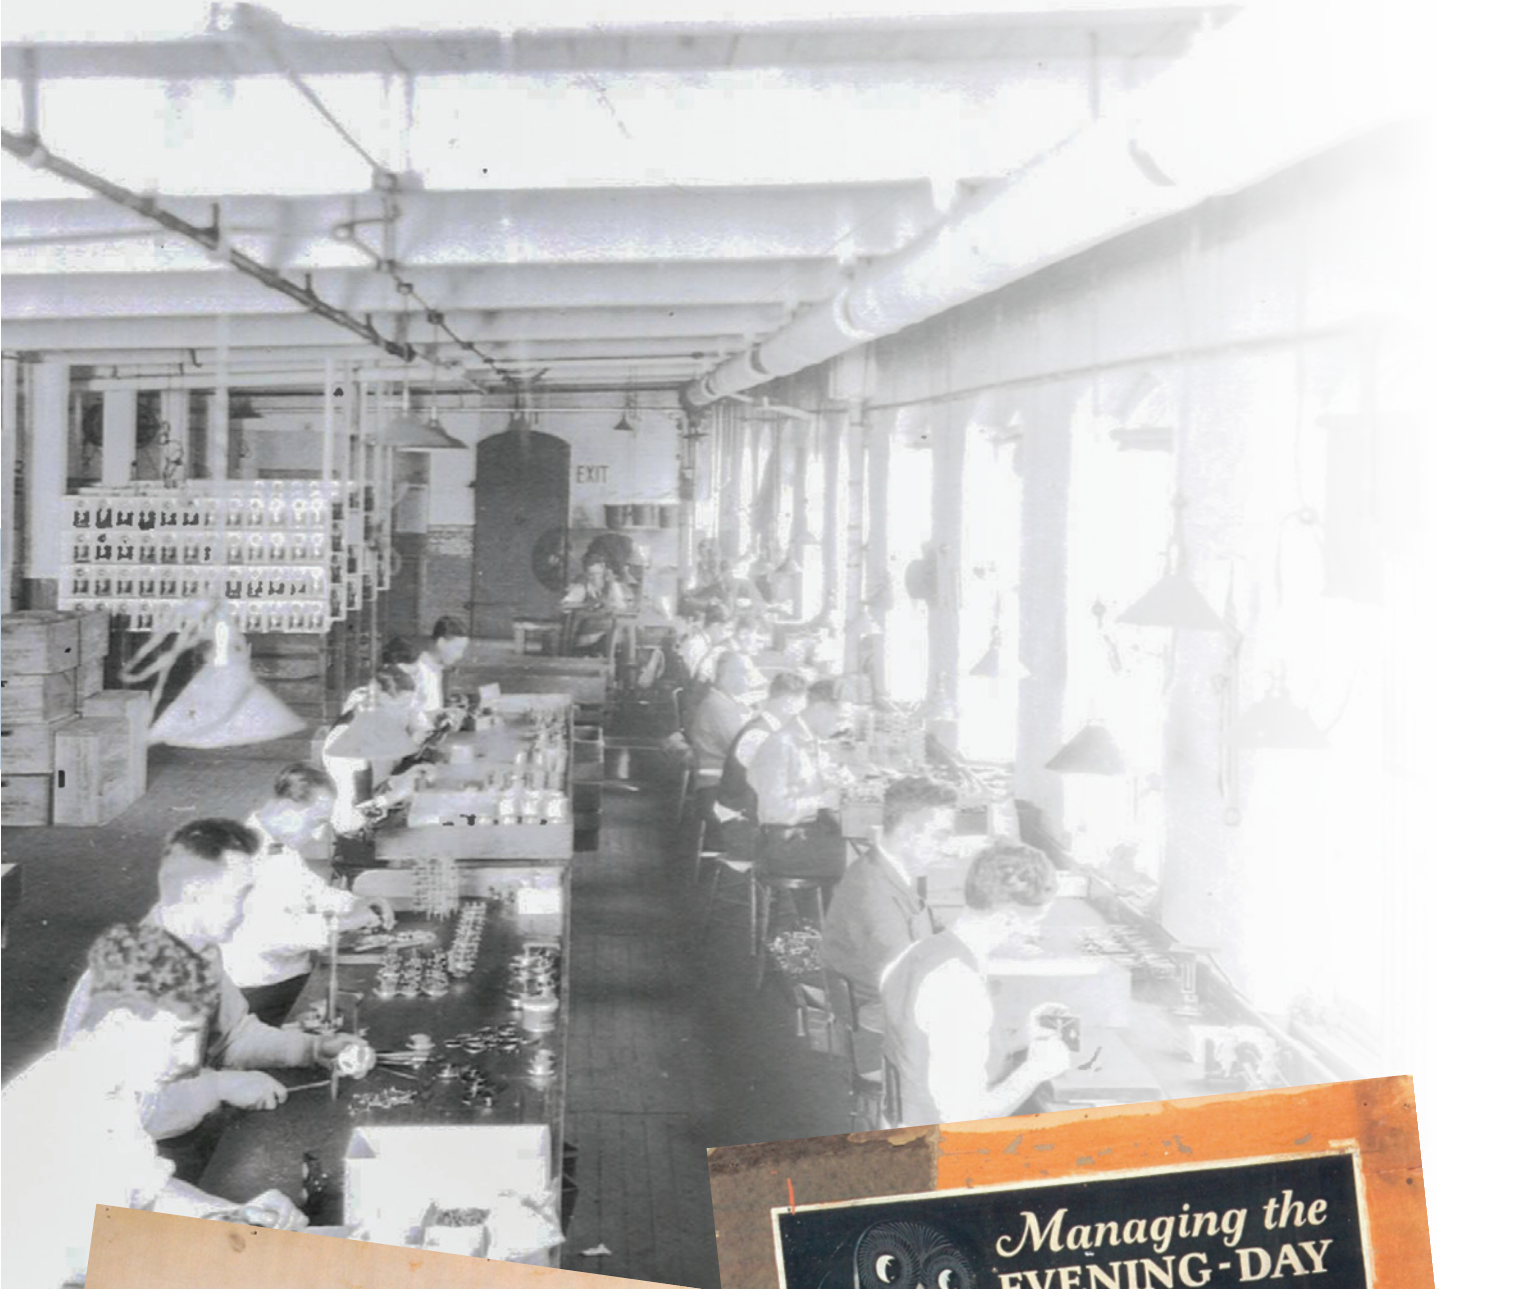

TORK®

**Since
1922**

TORK has pioneered the time switch industry with reliable digital and mechanical timers for indoor or outdoor appliance automation, alongside a full range of sensors and signals.

We know a thing or two about time. The world may be changing fast, it can seem like lost time. Now, with our automation and Wi-Fi integration, you can save time, energy and money in the field, making TORK products an attractive part of any professional's equipment. Modern innovation, backed by a trusted legacy of quality, sets TORK above the competition.

TORK CLOCK
for turning Electric Lights
on and off regularly.

Window Shopping
A PROFIT PRODUCING HABIT!

The advertisement features a stylized owl logo with the words 'TORK CLOCK' on its chest. Below the logo, a scene depicts a man and a woman in winter attire looking at a display of goods in a window. The background shows a city street with buildings and a car.

*Managing the
EVENING-DAY
of Business*

TORK CLOCK

Signs in the cityscape include: HOTEL, Gasoline, Automobiles, THEATRE, PHOTO PLAYS, DRINKS, DRUGS, SODA, RESTAURANT, CAFE, TAXI, GARAGE, and others.

The advertisement shows a large owl logo with 'TORK CLOCK' written on its chest. Below the owl is a detailed illustration of a city street at night, filled with various signs for businesses like hotels, theaters, photo plays, drinks, drugs, soda, restaurants, cafes, taxis, and garages. The scene is lit up, suggesting a busy evening.

1

TIME SWITCHES

Where TORK time began. We now have both mechanical, digital and WI-FI products to manage your on/off timing needs in a wide variety of situations.

2

PHOTOCONTROLS

Automatic lighting at dawn and dusk to save you time and money. With our z-series lineup, the impact of inrush current gets suppressed, saving you maintenance and increasing lifespan.

3

WEATHERPROOF COVERS

Whether it's rain, snow or sunny, you can protect your outlets with our proprietary shell design meant to mimic the durable shell of the turtle.

4

WI-FI PRODUCTS

Wireless connections are taking center stage in the world today. From light switches to plugs, control your devices with the power of your smart home whether it's Goole Home or Alexa.

5

SPRINGWOUND TIMERS

Simply turn the knob and the contacts will be made to power a wide variety of your devices from lights and fans to heat lamps and appliances. At the end of the cycle, the load is turned off.

6

PLUG-IN TIMERS

Choose from digital to mechanical timers that plug into your wall outlet to power a wide variety of devices from lights and fans to heat lamps and appliances.

7

SIGNALING DEVICES

TORK signaling device transformers are designed and engineered to ensure long use for signal bells, buzzers and chimes.

	PART #	DESCRIPTION
SPRING WOUND TIMERS	A560MW	60 Minute Twist Timer 125-277V White Wallplate
	C560M	60 Minute Twist Timer 125-277V Metal Wallplate
WIFI TIMERS	WFIH1	Wi-Fi Smart Inside In-Wall Switch
	WFOP2	Wi-Fi Smart Plug Outside Dual Receptacle
	WFTU40	Wifi Timer 40A 120-277V Outdoor
MECHANICAL TIME SWITCHES	1109A	24 Hour 40A 120/208-277V Indoor
	1109A-O	24 Hour 40A 120/208-277V Outdoor
DIGITAL TIME SWITCHES	E101B	24 Hour Digital 30A 120-277V Indoor/Outdoor
	EWZ120	1 Channel Astronomic 7-Day Digital 30A 120-277V Indoor/Outdoor
	EWZ201C	2 Channel Astronomic 7-Day Digital 30A 120-277V Indoor/Outdoor
PHOTO-CONTROLS	ZTL124	Zero Cross Fail On Turnlock, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 8A Elec Ballast (LED)
	5237-UL	Electronic Instant Response Turn Lock, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 1000W LED
	ZB124	Zero Cross Button Type, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 6A Elec Ballast LED
	ZB124WP	Zero Cross Button Type/Wallplate, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 8A Elec Ballast LED
	ZZ124	Zero Cross Stem Zinc, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 8A Elec Ballast LED
	ZS124	Zero Cross Stem Type, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 6A Elec Ballast LED
	ZSS124	Zero Cross Stem & Swivel Type, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 6A Elec Ballast LED
	ZSSP124	Zero Cross Stem/Swivel Pencil Type, On 1.3-1.7, Off/On Ratio 1.5:1, 105-305V, 1000W Tungsten, 1800Va Ballast, 6A Elec Ballast LED
MECHANICAL PHOTO-CONTROLS	2000	1/2" Stem Lexan, On 1-5Fc/Off 3-15Fc, 6"Leads, 120V, 2000W Tungsten, 1800Va Ballast, 600Va LED
	2000-2	1/2" Stem Lexan, On 1-5Fc/Off 3-15Fc, 6"Leads, 208-277V, 3470-4620W Tungsten, 2080-2770Va Ballast, 1040-1385Va LED
	2001	1/2" Stem & Swivel, On 1-5Fc/Off 3-15Fc, 6"Leads, 120V, 2000W Tungsten, 1800Va Ballast, 600Va LED
	2002	1/2" Stem & Swivel, On 1-5Fc/Off 3-15Fc, 6"Leads, 208-277V, 3470-4620W Tungsten, 2080-2770Va Ballast, 1040-1385Va LED
	2021	1/2" Stem & Swivel Pencil, On 1-5Fc/Off 3-15Fc, 6"Leads, 120V, 2000W Tungsten, 1800Va Ballast, 600Va LED
	2022	1/2" Stem & Swivel Pencil, On 1-5Fc/Off 3-15Fc, 6"Leads, 208-277V, 3470-4620W Tungsten, 2080-2770Va Ballast, 1040-1385Va LED
	3000	Button Flush Mount, On 1-5Fc/Off 3-15Fc, 9"Leads, 120V, 2000W Tungsten, 1800Va Ballast, 600Va LED
	3002	Button Flush Mount, On 1-5Fc/Off 3-15Fc, 9"Leads, 208-277V, 3470-4620W Tungsten, 2080-2770Va Ballast, 1040-1385Va LED
WEATHER-PROOF COVERS	XD110C	Extra Duty Single Gang, Vrt/Hrz Configuration, 2.75" In Use Weatherproof Clear Cover
	XD210C	Extra Duty Dual Gang, Vrt/Hrz Configuration, 2.75" In Use Weatherproof Clear Cover
TRIPPERS	P47	One Pair On/Off Trippers 24 Hour Dial
