

P/N: BWS-1

BASIN WRENCH SOCKET

The Pipe Vise basin wrench socket allows you to add as many or as little extensions to get the perfect fit for the job at hand. The Pipe Vise basin wrench socket operates like a traditional socket and can be used with most all 3/8" drive ratchets/extensions.

CAPACITY:

- Maximum: 1-1/4"

FEATURES:

- Heavy duty design for hard to break fasteners
- Precision machined teeth for a non slip grip
- Spring loaded jaws for ratcheting action
- 3/8" drive fits standard ratchets

APPLICATIONS:

- Faucet installs/removals.
