These decibel ratings were obtained while using optimal configurations.

Features

- Extremely lightweight and short for minimal impact on host weapon.
- Features a new single-port anchor brake to reduce recoil and maintain minimum length.
- Rated all the way up to .300 RUM with impressive sound suppression.
- No barrel restrictions.
- Bolt-gun and semi-auto rated – not rated for full-auto fire.
- Type 2 Anodized with an oil rubbed finish.
- Ships with a new radial tool, a Bravo tool, a basic tool, a 5/8 x 24 titanium direct thread mount, and a .30 cal Single-Port Anchor Brake.
