

DOT 4 MOTOR VEHICLE BRAKE FLUID

Overtime brake fluid degrades and oxidizes which can lead to sub-optimal brake performance and possible expensive repairs. Replacing used brake fluid with Full Throttle Dot 4 Brake Fluid, restores brake fluid to like new conditions.

- Lubricates
- Prevents Corrosion
- Improves Seal Life and Performance
- Improves Seal Life and Performance
- Controls Viscosity over a Wide Temperature Range
- Minimizes Corrosion and Low Moisture Absorption
- Controls Proper Seal Swell
- Conforms to Federal Motor Vehicle Safety Standard No. 116, SAE J1704 and ISO 4925

PRODUCT #:	PRODUCT DESCRIPTION:	NET WT:	CASE QTY: (EACHES)
FT50100B	DOT 4 MOTOR VEHICLE BRAKE FLUID	1 QT (118 mL)	12
FT50101	DOT 4 MOTOR VEHICLE BRAKE FLUID	12 OZ (355 mL)	12
