FLEX-POWER™

Hybrid power system operates on the included rechargeable battery or 1 AA battery (not included)

CHARGING INSTRUCTIONS

To charge, twist the head of the flashlight to expose the charging port. Connect the flashlight to a power source using the included USB cable.

CHARGING INDICATOR

The power button  serves as a charging status indicator.

Pulsing Green: Charging

Solid Green: Fully Charged

BATTERY LEVEL INDICATOR

The power button  serves as the battery level indicator while in use.

Solid Orange: Battery more than 25%

Flashing Orange: Battery less than 25%

ALKALINE BATTERY

This flashlight also runs off disposable alkaline batteries. To install, unscrew the bottom cap and replace the lithium-ion battery with (1) AA alkaline battery. Reinstall the bottom cap.

MAGNETIC BASE

Hands-free task lighting

OPERATION

Press power button  to turn the unit on. Press and release repeatedly to cycle through modes:

High > Low > Off

After 8 seconds of button inactivity, the next press will turn the flashlight Off.

TURBO MODE

To activate Turbo, press and hold the power button for 3 seconds. Turbo mode will run for approximately 40 seconds to prevent overheating.

STROBE

Double-tap the power button to activate Strobe.
