

# Max2000 Double Cut Snip

**Work. Perform. Outlast.**  
Limited Lifetime Warranty

The Max2000 Double Cut Snip employs a best of all worlds close tolerance design for consistent performance. A curved cutting edge on the center jaw reduces cutting force required and large relief grinds on all jaws minimize drag. The double cut blades feed smoothly, cut cleanly without surface distortion, and easily navigate metal seams encountered in round metal duct and stove pipe. A self-starting point on center jaw makes short work of blind cuts.

Nothing outcuts,  
outmaneuvers  
or outlasts Max!

M2004

Sharp Tipped  
Center Jaw
