

SUPCO® P/N:
SPCP24U

DUAL VOLTAGE Condensate Tank Pump

Suitable for ducted type units, floor standing and chassis type units and dehumidifiers, air handling units, refrigerated units, cold store.

FEATURES

- Dual voltage - 110V to 240V
- Mold resistant tank
- Hall effect water level sensor
- 24ft Water lift capability
- Water overflow safety switch with audible alarm
- Maximum water temperature 140°F/60°C
- Built in wall mounting tabs on the tank
- Quiet operation - < 50db(A) at 3 feet
- Includes 19ft discharge tube and thermostat safety switch wire

SPECIFICATIONS

INPUT VOLTAGE:	110 - 240
HZ	50/60
AMPS	1.2
WATTS	38
FLOW AT 1ft	138 GPH
MAX. LIFT	24"/7.3M
CERTIFICATE	ETL
