

STARTER KIT

INCLUDES:

1 Roll Wire Rope
100 Cable Locks
1 Custom Cable Counter Lid & Bucket
1 Cable Cutter

Dyna-Tite Starter Kit Components:

ROLL OF CABLE - Galvanized steel cable is manufactured to exact standards and is statistically tested to verify the breaking strength.

CABLE LOCKS - The CL12-WC3 is ideal for hanging smaller diameter duct and has a working load range of 25-150 lbs. The CL18-WC4 has a working load range of 25-250 lbs. Both feature a release pin for easy adjustments without the use of tools.

CUSTOM CABLE COUNTER LID - The CCC-1 features a 5 digit counter (4 digits for feet, 1 digit for inches), push button reset and is lightweight. It is designed for use with Duro Dyne wire rope for accurate sizing and elimination of waste. The Cable Counter is also available with a metric counter.

CABLE CUTTER - When cutting cable it is important to use a recognized cable cutter such as the Dyna-Tite cutter. This will ensure that the form of the rope is maintained prior to insertion in the cable lock. The cable cutter features: WC6-23 wire rope cutting capacity, spring loaded 5" long vinyl coated handles, and hardened steel blades.

Item #	Code	Description	Safe Working Load*
30394	CL12WC3SK	CL12-WC3 Starter Kit - with WC3-CL12 Wire Rope	25-150 lbs. (12-68 kg)
