

YOUR PARTNER IN PROFITABILITY

Becoming the most effective partner to distributors starts with talking to distributors. That's how we've shaped our business since our inception in 1975 — through true collaboration with our partners. We listened, and that's why we focus on providing real customer support, simplifying the ordering process, offering a wider range of products and maximizing profitability.

BRANDS YOU CAN TRUST

POLARIS

TORK

Our flexible return policy features three annual stock adjustments for items purchased in last 18 months with no offsetting order required.

**To order, contact your
local sales representative.**

PRODUCT CATEGORIES

2022 Catalog
