How to Claim the Guarantee: To submit a claim under the Guarantee, please visit the authorized seller from whom you purchased your PRL product. If you purchased your product directly from PRL, you may also complete the return request form on our website at prlabs.com/products/return/return/. Please have information available regarding where and when you purchased your product. If your request is approved, you will then need to mail your PRL product, a proof of purchase, and your Return Authorization Number (RAN) to: Premier Research Labs 3500 Wadley Place Bldg. B Austin, TX 78728
Attn: _____ You must submit your Guarantee request, ship the product, and assure it is received by PRL, all within 45 days of the date of purchase. Please note that you are responsible for costs incurred in mailing your product and proof of purchase.

GUARANTEE GUIDELINES: PRL reserves the right to verify all pertinent information, require a valid proof of purchase, and to deny Guarantee requests in its sole discretion in cases of suspected fraud or if the customer has abused the PRL 45-Day Satisfaction Guarantee. In certain cases, a re-stock fee may apply. I. Incorrect Order: Incorrect Order If you have received any products in error or there are any mistakes in your order, please call PRL immediately (800) 325-7734 so we may correct it as soon as possible.

II. Damaged Products: If you receive any product that has been damaged in shipping (broken, leaking, etc.): 1. Contact PRL immediately to report your damage. 2. Retain the outer shipping carton and all damaged products or the shipper will not process your Damage Report. (Saving these items constitutes proof of your claim.) 3. All Damage Reports must be made within 10 days of receipt of package. After 10 days, the shipper will not be responsible for any Damage Reports.

III. First-Time Customers: You may receive a full refund on one opened bottle per product type, for up to two different products (if your claim is otherwise received by PRL according to the terms of this Guarantee). Additional opened bottles of the same product(s) will not receive credit. You will receive a full refund for any unopened bottles (if otherwise received by PRL according to the terms of this Guarantee).

IV. On-going Customers: You may receive a full refund on one opened bottle per product type, for up to two different products (if your claim is otherwise received by PRL according to the terms of this Guarantee). Additional opened bottles of the same product(s) will not receive credit. You will receive a full refund for any unopened bottles (if otherwise received by PRL according to the terms of this Guarantee).

V. Right to Refuse Refunds: We reserve the right to terminate at any time our offer to give a full refund to customers who try a product for the first time. In certain cases, a re-stock fee may apply. If in doubt about whether you may receive a full refund, please call to verify specific refund terms in your specific case. Regardless, all returns must have prior approval and the returner must follow recommended return approval procedure.

VI. Returning Discounted: Items If you receive approval to return discounted items, please note that the credit you receive will be calculated as follows: the total discount price minus the regular retail price of the units of the items that were not returned.

VII. Returning Free Product Specials: When a customer makes a Guarantee claim for any product which was part of a special offering including an additional "free" product, customers must return all products comprising the special offer.

VIII. Food Products and Third Party Items: Food items may not be returned, whether they have been opened or not. This includes, but is not limited to Peppermints, Gin Gins, Propolis Lozenges, Food Bars, Vitality Swing, Inversion Table, Rebounder, Water Purifiers, Air HealthMate.

IX. Price Adjustments: In the event Premier Research Labs reduces its price on any product within 7 calendar days from the date a practitioner receives their product, the practitioner can opt to call their account manager at 1-800-325-7734 to request a refund or credit of the difference between the price they were charged and the current selling price. To receive the refund or credit the practitioner must contact Premier Research Labs within 7 calendar days of the price change. Please note that this excludes limited time price reductions, such as those that occur during special sales events, such as Black Friday or Cyber Monday.
