

REMKE®

STAINLESS STEEL CONNECTORS

FOR WASTEWATER SOLUTIONS

WASTEWATER SOLUTIONS

Remke carries a range of products helpful across wastewater applications. When dealing with wastewater, you need hardened fittings that won't be corroded by hydrogen sulfide, a byproduct of wastewater. When wiring pump control panels, flow meters and valve actuators in wastewater applications, Remke products outperform the competition.

- Stainless steel materials
- Corrosion-resistant
- Ingress rated designs
- Made-in-America quality

Remke is a trusted, American fittings manufacturer in wastewater management, including pumping stations, distribution systems, and wastewater treatment facilities.

STAINLESS STEEL CONNECTORS

Some of our versatile products ideally suited for wastewater applications are Stainless Cord Grips, Mesh Grips, Stainless Hubs and Stainless Threaded Adapters. Stainless steel is especially important, as it is a corrosion-resistant material that can be easily cleaned of contaminants with long-lasting durability.

CONDUIT DRAIN FITTINGS

Fittings that are installed at the bottom of enclosures or in a lower section of the conduit system to drain away moisture caused by condensation.

STAINLESS STEEL LIQUIDTIGHT CONNECTORS

For use in wet or dry locations to seal electrical connections against dust, dirt, oil, water, chemicals and other corrosive elements.

STAINLESS STEEL CORD GRIPS

Features a body and compression nut made of Type 304 stainless steel with exceptional tensile strength and endurance against corrosive environments. All RSSS connectors include an embedded Buna- N O-Ring.

WIRE MESH GRIPS

Tuff-Seal™ Support Grips are designed to keep your cables in place and preventing strain and pullout resulting in power failure.

VALOX CORD GRIPS

Tuff-Seal™ Cord Grips are made of Valox, a cutting-edge, non-metallic material with excellent heat, chemical and corrosion resistance. Valox cord grips feature a compression bushing made of high-quality, oil-resistant neoprene rubber with an anti-friction washer made of nylon.
