

# **Certificate of Conformance**

## **NDAA**

### **National Defense Authorization Act**

NSI certifies that all products provided to Graybar do not use, contain or comprise any Covered Telecommunications Equipment or services (as defined in FAR 52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment and the NDAA) as substantial or essential components of any system, or as critical technology as part of any system as defined by Section 889 of the NDAA.

This Section 889 Supplier Certificate ("Certificate") is between Graybar and Supplier.

This Certificate is effective as of the date beneath the Supplier's signature below (the "Effective Date"). Section 889 of the John S. McCain National Defense Authorization Act of 2019 (NDAA) prohibits the U.S. government from:

- procuring certain technologies from certain Chinese companies and their subsidiaries; and
- contracting with companies that use these technologies in an important and vulnerable system of their products or in their business operations.
