

Revision Date 06-Dec-2024

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA Hazard Communication Standard (29 CFR 1910.1200) and Canada WHMIS  
which includes the amended Hazardous Products Act (HPA) and the Hazardous Products  
Regulation (HPR)

Version 1

## 1. Identification

### Product identifier

**Product Name** PNEUMATIC-HYDRAULIC SEALANT 36 ML

### Other means of identification

**Product Code** 54540

**Synonyms** None

### Recommended use of the chemical and restrictions on use

**Recommended Use** Sealant

**Restrictions on use** No information available

### Details of the supplier of the safety data sheet

#### Manufacturer Address

ITW Permatex, Inc.  
6875 Parkland Blvd.  
Solon, Ohio 44139 USA  
Telephone: 1-87-Permatex  
(866) 732-9502

#### May Also Be Distributed by:

ITW Permatex Canada  
101-2360 Bristol Circle  
Oakville, ON Canada L6H 6M5  
Telephone: (800) 924-6994

**E-mail address** mail@permatex.com

### Emergency telephone number

**24 Hour Emergency Phone Number** Chem-Tel: 800-255-3924  
International Emergency:  
00+1+ 813-248-0585  
Contract Number: MIS0003453

**24-hour emergency phone number** No information available

## 2. Hazard(s) identification

### Classification

|  |             |
|--|-------------|
| Skin corrosion/irritation                          | Category 2  |
| Serious eye damage/eye irritation                  | Category 1  |
| Skin sensitization                                 | Category 1  |
| Carcinogenicity                                    | Category 1B |
| Specific target organ toxicity (repeated exposure) | Category 2  |

### Label elements

Contains 2-HYDROXYETHYL METHACRYLATE; MALEIC ACID; DIMETHYLBENZYL HYDROPEROXIDE; ACRYLIC ACID;

**CUMENE; TETRASODIUM EDTA****Danger****Hazard statements**

Causes skin irritation.  
Causes serious eye damage.  
May cause an allergic skin reaction.  
May cause cancer.  
May cause damage to organs through prolonged or repeated exposure.

**Precautionary Statements - Prevention**

Obtain special instructions before use.  
Do not handle until all safety precautions have been read and understood.  
Wear protective gloves, protective clothing, eye protection and face protection.  
Wash face, hands and any exposed skin thoroughly after handling.  
Contaminated work clothing should not be allowed out of the workplace.  
Do not breathe dust.

**Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention.  
Specific treatment (see supplemental first aid instructions on this label).

**Eyes**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
Immediately call a POISON CENTER or doctor.

**Skin**

IF ON SKIN: Wash with plenty of water and soap.  
Take off contaminated clothing and wash it before reuse.  
If skin irritation or rash occurs: Get medical advice and attention.

**Precautionary Statements - Storage**

Store locked up.

**Precautionary Statements - Disposal**

Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable.

0.83 % of the mixture consists of ingredient(s) of unknown acute oral toxicity.  
42.83 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity.  
68.223 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas).  
68.223 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor).  
68.223 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist).

**Other Information**

Harmful to aquatic life. Harmful to aquatic life with long lasting effects.

**3. Composition/information on ingredients****Substance**

Not applicable.

**Mixture**

| Chemical name | CAS No. | Weight-% | Hazardous Material<br>Information Review | Date HMIRA filed and<br>date exemption |
|---------------|---------|----------|--|--|
|---------------|---------|----------|--|--|

|                                 |          |          | Act registry number<br>(HMIRA registry #) | granted (if applicable) |
|---------------------------------|----------|----------|---|-------------------------|
| 2-HYDROXYETHYL<br>METHACRYLATE  | 868-77-9 | 10-30%   | -   | -                       |
| DIMETHYLBENZYL<br>HYDROPEROXIDE | 80-15-9  | 1-5%     | -   | -                       |
| PROPYLENE GLYCOL                | 57-55-6  | 0.5-1.5% | -   | -                       |
| MALEIC ACID                     | 110-16-7 | 0.1-1%   | -   | -                       |
| ACRYLIC ACID                    | 79-10-7  | 0.1-1%   | -   | -                       |
| CUMENE                          | 98-82-8  | 0.1-1%   | -   | -                       |
| TETRASODIUM EDTA                | 64-02-8  | 0.1-1%   | -   | -                       |

#### 4. First-aid measures

##### Description of first aid measures

|   |   |
|---|---|
| <b>General advice</b>                     | Immediate medical attention is required. Show this safety data sheet to the doctor in attendance. IF exposed or concerned: Get medical advice/attention.  |
| <b>Inhalation</b>                         | Remove to fresh air. Get medical attention immediately if symptoms occur.   |
| <b>Eye contact</b>                        | Get immediate medical attention. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. |
| <b>Skin contact</b>                       | Wash off immediately with soap and plenty of water for at least 15 minutes. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician.  |
| <b>Ingestion</b>                          | Rinse mouth. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a physician.   |
| <b>Self-protection of the first aider</b> | Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).   |

##### Most important symptoms and effects, both acute and delayed

|                            |  |
|----------------------------|--|
| <b>Symptoms</b>            | Burning sensation. Itching. Rashes. Hives.   |
| <b>Effects of Exposure</b> | May cause cancer. May cause damage to organs through prolonged or repeated exposure. |

##### Indication of any immediate medical attention and special treatment needed

|                           |  |
|---------------------------|--|
| <b>Note to physicians</b> | May cause sensitization in susceptible persons. Treat symptomatically. |
|---------------------------|--|

#### 5. Fire-fighting measures

|   |  |
|---|--|
| <b>Suitable Extinguishing Media</b>                                   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |
| <b>Large Fire</b>   | CAUTION: Use of water spray when fighting fire may be inefficient.   |
| <b>Unsuitable extinguishing media</b>                                 | Do not scatter spilled material with high pressure water streams.  |
| <b>Specific hazards arising from the chemical</b>                     | Product is or contains a sensitizer. May cause sensitization by skin contact.  |
| <b>Explosion data</b>   |  |
| <b>Sensitivity to mechanical impact</b>                               | None.  |
| <b>Sensitivity to static discharge</b>                                | None.  |
| <b>Special protective equipment and precautions for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Ensure adequate ventilation. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

**Other information** Refer to protective measures listed in Sections 7 and 8.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Pick up and transfer to properly labeled containers.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

## 7. Handling and storage

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Ensure adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Take off contaminated clothing and wash before reuse.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of the reach of children.

## 8. Exposure controls/personal protection

### Control Parameters

#### Exposure Limits

| Chemical name           | ACGIH TLV         | OSHA PEL   | NIOSH   |
|-------------------------|-------------------|--|---|
| ACRYLIC ACID<br>79-10-7 | TWA: 2 ppm<br>pSk | (vacated) TWA: 10 ppm<br>(vacated) TWA: 30 mg/m <sup>3</sup><br>Sdv  | TWA: 2 ppm;<br>TWA: 6 mg/m <sup>3</sup> ;                     |

**Appropriate engineering controls**

**Engineering controls**                      Showers  
    Eyewash stations  
    Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection**                      Face protection shield. Tight sealing safety goggles. Wear safety glasses with side shields (or goggles).

**Hand protection**                              Wear suitable gloves.

**Skin and body protection**                      Wear suitable protective clothing. Long sleeved clothing.

**Respiratory protection**                      Use appropriate respiratory protection.

**General hygiene considerations**                      Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product.

**9. Physical and chemical properties****Information on basic physical and chemical properties**

**Physical state**                                      Liquid  
**Appearance**                                      No information available  
**Color**    Purple  
**Odor**    Mild  
**Odor threshold**                                      No information available

| <u>Property</u> | <u>Values</u>     | <u>Remarks • Method</u> |
|-----------------|-------------------|-------------------------|
| pH              | No data available |                         |

|                                |                           |                |
|--------------------------------|---------------------------|----------------|
| Melting point / freezing point | No data available         |                |
| Boiling point / boiling range  | 200 °C / 392 °F           |                |
| Flash point                    | 97 °C / 206.6 °F          | Tag Closed Cup |
| Evaporation rate               | Not applicable            |                |
| Flammability (solid, gas)      | No data available         |                |
| Flammability Limit in Air      |                           |                |
| Upper flammability limit:      | No data available         |                |
| Lower flammability limit:      | No data available         |                |
| Vapor pressure                 | No data available         |                |
| Vapor density                  | No data available         |                |
| Relative density               | 1.1                       |                |
| Water solubility               | Immiscible in water       |                |
| Solubility(ies)                | No data available         |                |
| Partition coefficient          | No data available         |                |
| Autoignition temperature       | No data available         |                |
| Decomposition temperature      | No data available         |                |
| Kinematic viscosity            | No data available         |                |
| Dynamic viscosity              | 15,000 mPas @ 20°C (68°F) |                |
| Particle characteristics       |                           |                |
| Particle Size                  | No data available         |                |
| Particle Size Distribution     | No data available         |                |
| <b>Other information</b>       |                           |                |
| Explosive properties           | No information available  |                |
| Oxidizing properties           | No information available  |                |
| Softening point                | No information available  |                |
| Molecular weight               | No information available  |                |
| VOC content                    | <6%                       |                |
| Density                        | No information available  |                |
| Bulk density                   | No information available  |                |

## 10. Stability and reactivity

|                                    |  |
|------------------------------------|--|
| Reactivity                         | No information available.                            |
| Chemical stability                 | Stable under normal conditions.                      |
| Possibility of hazardous reactions | None under normal processing.                        |
| Conditions to avoid                | None known based on information supplied.            |
| Incompatible materials             | Strong acids. Strong bases. Strong oxidizing agents. |
| Hazardous decomposition products   | None known based on information supplied.            |

## 11. Toxicological information

### Information on likely routes of exposure

#### Product Information

|              |   |
|--------------|---|
| Inhalation   | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.  |
| Eye contact  | Specific test data for the substance or mixture is not available. Causes serious eye damage. May cause irreversible damage to eyes.   |
| Skin contact | Specific test data for the substance or mixture is not available. May cause sensitization by skin contact. Repeated or prolonged skin contact may cause allergic reactions with susceptible persons. (based on components). Causes skin irritation. |
| Ingestion    | Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.   |

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** Redness. Burning. May cause blindness. Itching. Rashes. Hives. May cause redness and tearing of the eyes.

**Acute toxicity****Numerical measures of toxicity****The following ATE values have been calculated for the mixture**

|                               |                |
|-------------------------------|----------------|
| ATEmix (oral)                 | 6,863.50 mg/kg |
| ATEmix (dermal)               | 7,528.10 mg/kg |
| ATEmix (inhalation-gas)       | 99,999.00 ppm  |
| ATEmix (inhalation-vapor)     | 99,999.00 mg/l |
| ATEmix (inhalation-dust/mist) | 5.31 mg/l      |

0.83 % of the mixture consists of ingredient(s) of unknown acute oral toxicity  
 42.83 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity  
 68.223 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)  
 68.223 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)  
 68.223 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

**Component Information**

| Chemical name                              | Oral LD50            | Dermal LD50              | Inhalation LC50                                   |
|--|----------------------|--------------------------|---|
| 2-HYDROXYETHYL METHACRYLATE<br>868-77-9    | = 5564 mg/kg ( Rat ) | > 5000 mg/kg ( Rabbit )  | -   |

| TETRASODIUM EDTA<br>64-02-8                | = 1658 mg/kg ( Rat ) | -                        | -   |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** Classification based on data available for ingredients. Causes skin irritation.

**Serious eye damage/eye irritation** Classification based on data available for ingredients. Causes burns. Causes serious eye damage.

**Respiratory or skin sensitization** May cause an allergic skin reaction.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** Contains a known or suspected carcinogen. Classification based on data available for ingredients. May cause cancer.

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Chemical name           | ACGIH                                       | IARC   | NTP | OSHA |

**Other adverse effects** No information available.

### 13. Disposal considerations

#### Waste treatment methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

**US EPA Waste Number** Waste designations and classifications should be determined by the end user based on the application for which the product was used.

### 14. Transport information

**DOT** Not regulated

**TDG** Not regulated

**MEX** Not regulated

**ICAO (air)** Not regulated

**IATA** Not regulated

**IMDG**

Not regulated

**15. Regulatory information****Safety, health and environmental regulations/legislation specific for the substance or mixture****International Regulations****The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable**The Stockholm Convention on Persistent Organic Pollutants** Not applicable**The Rotterdam Convention** Not applicable**International Inventories**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

| Chemical name                          | SARA 313 - Threshold Values % |
|--|-------------------------------|
| DIMETHYLBENZYL HYDROPEROXIDE - 80-15-9 | 1.0                           |
| CUMENE - 98-82-8                       | 0.1                           |

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

| Chemical name           | CWA - Reportable Quantities | CWA - Toxic Pollutants | CWA - Priority Pollutants | CWA - Hazardous Substances |
