

LIQUIDTIGHT CONNECTORS

Product Brochure

LIQUIDTIGHT CONNECTORS

Liquidtight conduit fittings provide effective protection, flexibility and reliability in electrical systems. They seal out moisture, withstand harsh conditions and ensure electrical safety in industrial, commercial or residential wiring.

NSI provides our distributors two great brands of Liquidtight connectors:

- **BRIDGEPORT** liquidtight fittings for rigid and flexible metal conduit are suitable for demanding wet installations.
- **REMKE** Stainless Steel liquidtight fittings are perfect for corrosive and demanding environment.

APPLICATIONS

Commercial and Residential

Security/Surveillance

Site Lighting

Pool and Spa

Light Industrial/Manufacturing

- Dampen vibration and noise in nonmetallic conduit
- Sealing rings for a liquidtight seal
- Resistant to chlorine and oil

- NM conduit provides more flexibility
- Indoor, outdoor and rooftop applications
- NEMA Type 4, 4X Rating

NON-METALLIC LIQUIDTIGHT FITTINGS

Flexible, reliably strong installations at a lower price than other options.

B STRAIGHT & 90°

Nonmetallic straight and 90° connectors for use with nonmetallic "Type B" liquidtight conduit. Sunlight resistant. NPT Threads. Polypropylene or Polyethylene gaskets. NEMA TYPE 2,3,3R,4,4X & 12.

STAINLESS STEEL LIQUIDTIGHT FITTINGS

The industry-standard heavy-duty choice for rust-proof exterior installations.

REMKE Stainless Steel Liquidtight Connectors are ideally suited for OEM and MRO applications known for their corrosive and abusive environments including:

- Food & Beverage Processing
- Petrochemical
- Pulp & Paper Mills
- Wastewater Treatment
- Offshore Oil Rigs & Platforms
- Chemical Processing
- Heavy-duty:
 - Electrical Motors
 - Generators
 - Transformers
- Portable Equipment
- Machine Tool Building

STRAIGHT CONNECTORS

Rated IP68 and NEMA 4X these connectors offer all the corrosion resistance you need and the strength of stainless steel.

TRANSITION LIQUIDTIGHT FITTINGS

Connect liquidtight to other types of conduit in a variety of applications.

BRIDGEPORT is the leader in transition fittings. Our patented Push LQT Transition Couplings are the only Nonmetallic Rigid to Liquidtight Transition fitting currently in the market.

B PUSH-LQT™ PUSH-ON TRANSITION COUPLINGS

Push-on nonmetallic transitions couplings for use with nonmetallic "Type B" liquidtight conduit and Rigid Conduit. Connectors simply push onto LT conduit, and can be threaded onto Rigid/IMC Conduit. Sunlight resistant. NPT Threads. NEMA TYPE 2,3,3R,4,4X & 12.
