

California Proposition 65 Compliance Notice

On August 30, 2018, several changes to the State of California's Safe Drinking Water & Toxic Enforcement Act of 1986 (commonly known as Prop 65) will go into effect. The changes require new warning language, a new pictogram, and a specific website on product labels.

All Sashco products that require Prop 65 labeling will be compliant by the August 30, 2018 deadline. Product that is manufactured prior to August 30, 2018 may continue to be sold at retail with previous label requirements, with an unlimited sell-through period.

To determine the manufacturing date of Sashco products, look for the 8-digit code on the box or cartridge:

12318241

123: Internal Lot Code **18**: Year (2018) **241**: Julian Calendar Day (August 29th)

- Any lot codes with dates of XXX18**241** or earlier may be sold with the older Prop 65 warning.
- Any product with date codes of XXX18**242** or later will have the new warnings and will be compliant with the new Prop 65 rule.

Please contact our customer service team at 800-767-5656 should you have any questions.

Thank you.
