EMT Conduit Body with Integral Raintight Connector

Types LB, LLR

Access the interior of your conduit systems for easy inspection, pulling and maintenance using these conduit bodies. The integrated raintight connectors save time and each conduit body comes with stainless steel screws, an aluminum cover and a neoprene gasket. NEMA TYPE 2, 3, 3R & 4.

Type LB

Type LLR

Aluminum Cover with Gasket

CAT NUMBER	TRADE SIZE	UNIT QTY	STD PKG QTY
LB-42RT	3/4"	10	60
LB-43RT	1"	5	30

LLR-42RT	3/4"	10	60
LLR-43RT	1"	5	30

Combination

Types T, LR, LL, C

These conduit bodies feature NPT threading for use with rigid or IMC, in addition to set screws for gripping EMT. They come preassembled with a cover and neoprene gasket and satisfy NEMA TYPE 2, 3, 3R & 4.

UL-Listed Raintight when used with rigid conduit or raintight compression connectors.
