### **HOW TO CLEAN**

1 SOAK

2 BRUSH

**3** DISHWASHER

**FOR RUBBER**, rinse with warm water and dish soap and use a toothbrush to scrub inside. Place it on the top rack of the dishwasher, avoiding the heated drying cycle. Excess heat can damage rubber KONG toys.

**FOR OTHER TOYS**, spray with Rescue or similar until soaked and allow to fully dry before using again. Can also be hand washed with soap and water, although this may deform the feather more quickly.

### WHEN TO REPLACE

• Replace rubber products when they begin to crack or show wear that you find concerning.

• Replace **toys** when holes develop, seams come apart, feathers fall off, or general wear and tear indicates it's time for the toy to be retired.

If clients are interested in purchasing products from the kits, or if you would like to offer KONG items for sale in your clinic, email us at:

# KONG<sup>®</sup> CLINIC KIT

## WELCOME TO KONG'S CLINIC PROGRAM!

We understand how stressful vet visits can be for cats.

That's why we put together clinic kits with the help of veterinarians (and very eager kitty toy testers) for you to use at your practice.

KONG shares your passion for improving the lives of animals. We believe these kits will enhance your patients' experience and make your job easier.

# WHAT'S INSIDE

- · LICKS KITTY
- · LICKS SPINZ
- · KITTY KONG®
- · ZOOM GROOM®
- WILD TAILS
- MOUSSE

### **HOW TO USE**

#### LICKS KITTY

Perfect for short procedures like vaccinations, nail trims, and more. Spread some Mousse and let them focus on licking every last bit!

#### **LICKS SPINZ**

A step up in difficulty from the Licks Kitty, this toy can be used for procedures such as physical exams and vaccines

#### **KITTY KONG**

A Kitty KONG loaded with treats and topped with salmon-flavored mousse is an excellent distraction tool for longer procedures like acupuncture and laser therapy.

#### **ZOOM GROOM**

If a cat likes to be brushed, the owner or veterinary staff can do so in the examination room to help the cat feel more relaxed in their surroundings.

### WILD TAILS

Its wild movements and rattling sounds are hard for cats to resist! Playing with Wild Tails at the beginning and end of an appointment can foster positive memories at the clinic.

### MOUSSE

A delicious salmon flavored mousse for lick mats and Kitty KONGs.
