

Drive Reach Flex Fleet

SKU: 658061 MSRP: \$819.99

FEATURES

- Designed for use in any fleet — service vans, emergency vehicles, work trucks, electric vehicles, and more
- Boosts signal strength for cellular-based fleet tracking devices allowing fleet managers to better track vehicles, even in weak signal areas.
- Works with ALL cellular devices in the vehicle on ALL carriers simultaneously.
- Increases cellular range, provides fastest available data speeds, and improves call quality.

⚠️ WARNING: This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer, and Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

Kit Includes

About

weBoost's most powerful, 5G-compatible, in-vehicle cell signal amplifier kit is now available with more flexible installation options. The **Drive Reach Flex Fleet** is designed for use in any fleet vehicle — service vans, work trucks, electrical vehicles, and more. Using high-performance NMO antenna with magnetic mount and providing two power supply options, this kit can be professionally installed without permanently altering a vehicle. With up to 50 dB max gain, Drive Reach Flex instantly provides your team with improved cell signal for seamless tracking, reliable communication, and faster data speeds on any network and any cellular-connected device.
