

Buffer Tube Felt Tape Product Sheet

Streamline and protect fiber optic installations with LYNN Buffer Tube Felt Tape. Felt protects fiber splices from slipping and abrasion, ensuring solid installations for years to come. LYNN felt is ultra-thin, ultra-pliable and features adhesive backing for fast and easy installation.

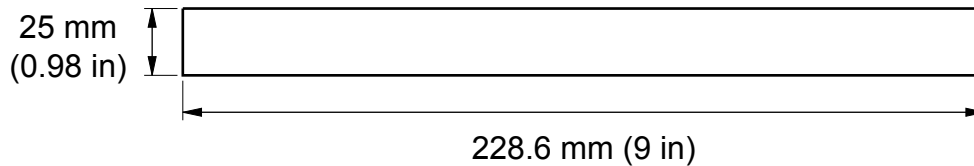

Need to quickly identify cable paths? LYNN felt is available in twelve different colors. Felt protects all low-voltage cable jackets. Use it as a buffer under zip ties and entry points.

KEY FEATURES

- Protect splices
- Easy installation
- Color-code cable paths
- Protect more than fiber
