

# O-Ring Lubricant

SILICONE BASED

The Permatex® zero-petroleum, multi-purpose O-Ring Lubricant is specifically formulated to **extend the life of O-rings by easing the assembly process and providing superior protection against common failure modes**. Unlike conventional lubricants such as multi-purpose grease or petroleum jelly, which can swell or degrade rubber and elastomer materials over time, this silicone formula helps prevent micro-cuts, sealing failures, and material breakdown caused by heat, water, chemicals. The result ... longer-lasting seals, fewer maintenance issues, and improved overall system reliability.

## BENEFITS:

- Protects O-Rings
- Suitable for rubber O-Rings, including Viton and Nitrile
- Approved for plastic O-Rings, including EPDM and EPT
- Wide Temperature Range: -50°F to 550°F (-45°C to 288°C)
- NSF Certified

## SUGGESTED APPLICATIONS:

- Automotive
- Heavy Duty
- Home Improvement
- Pool & Spa
- Marine
- Plumbing
- Farm & Tractor
- RV
- Powersport
- Industrial

Ideal for seals, pressure plugs, pressure valves, weather stripping, pumps, filters, and O-rings.
