

# Specwar

The Specwar 556 & 762 feature the patented Active Spring Retention ASR™ mounting system for solid trouble free lockup. Installation and removal takes seconds. The use of our proprietary TrueBore™ manufacturing process ensures precise bore alignment and minimal point of impact shift. Includes a flash hider. The durable Stellite™ baffle stack and minimal point of impact shift make this suppressor the most reliable, even in the harshest conditions.

**SPECWAR 556**  
**CALIBER:**  
5.56  
**WEIGHT:**  
19.5 OZ  
**DIAMETER:**  
1.500"  
**LENGTH:**  
7.30"  
**SOUND LEVEL:**  
5.56 - 133 dB  
**FINISH:**  
Black Oxide  
**MATERIALS:**  
Baffles: Stellite  
Tube: 316L Stainless Steel Mount: 17-4 PH  
Stainless Steel  
**FEATURES:**  
Worry-free, positive locking ASR quick  
detach mount. Specwar will not loosen while  
firing  
TrueBore manufacturing ensures little to no  
point of impact shift  
Low back pressure  
Lifetime Warranty  
**MSRP:**  
\$799 (with Trifecta flash hider mount)

**SPECWAR 762**  
**CALIBER:**  
5.56 - .300 RUM  
**WEIGHT:**  
24.0 OZ  
**DIAMETER:**  
1.500"  
**LENGTH:**  
9.00"  
**SOUND LEVEL:**  
.308 - 137 dB  
**FINISH:**  
Black Oxide
