

**Amir Tsarfati**  
**The Final Jihad**  
September 24, 2021

[Introduction video] “Jihad is defined as a struggle or fight against the enemies of Islam. Boko Haram, Hamas, ISIS, the Taliban. What is the Final Jihad?”

Thank you. [Applause] It’s a great honor to be here and speak to you this

afternoon. I hope all of you made it back from lunch. No casualties outside. Today’s a very unique day for me. Twenty years ago [this message was delivered on September 11, 2021, at the *Behold He Comes* prophecy conference at Calvary Chapel Chino Hills], I was watching those two towers falling down from across the Hudson. I was on them the night before. In fact, 20 years ago, I got to know Gia [the worship leader] because I was at her church in New Jersey when that happened.

Let’s pray: “Father, we thank You for Your Word. We know that all things eventually are under Your control. We ask that today You will continue to bring comfort to the families of the victims and continue to show everyone around the world that we need to put our trust in You and not in any human government or military. We thank You that the Lion of the tribe of Judah indeed is worthy and He’s victorious and He can open that scroll. And now we ask that You will bless Your Word, bless the hearers of Your Word and Your Word will never come back void. It will go and achieve that which it was sent for. And we ask that in Jesus’ name, Amen.”

So, 20 years ago, radical Islam came for a visit. And I was ...this was the first time I ever traveled from Israel to America just with one message for one church. I never ever had that urge to do so because, you know, the travel time, and you don't want to do that for just one place. You want to make sure you redeem your time in the best way possible, but I had that urge, and I couldn't explain it. I got on the plane and I remember I shared a message on 9/9, that was Sunday. It was a small church, small Calvary Chapel, and the title of the message was: "Will There Be Peace?" And I actually shared about the coming Islamic attack on America. Nobody bought the tape. [Laughter]

Those were the days America was in La-La-Land. And I tell you why, you see in my Israeli mindset, I watched for several years the calling of Osama bin Laden to destroy America and to attack America. It was to me, it was coming ...

it's around the corner... they tried everything. And so, when we made it to Manhattan and I was on those towers, I asked my host, "If something is going to hit those buildings from the top..." because I knew they tried it from underneath in 1993. Six people got killed, over a 1000 people were injured. Ramzi Yousef, that terrorist fled to Karachi, Pakistan, right after that. And I thought to myself, "What's going to stop them from doing that again, but now even in a more spectacular way?" Because in between 1993 and 2001, they were already thinking and plotting to use airplanes. And probably, you never heard of that, but that same Ramzi Yousef, realized he cannot kill that many—he wanted to kill Jews by the way. He thought that the two towers were filled with Jews and realized he killed six people, none of them was a Jew.

And so, he went all the way to the Philippines to try to plot a new thing and that's when the interesting name "Bojinka" —how many of you heard of the "Bojinka Plot"? Bojinka is "a big bomb" in Serbian. And he gave that operation that he's about to

**THE BOJINKA PLOT**

execute, the Bojinka Plot, and he thought, “I can smuggle to 12 different flights explosives, fluid explosive, and I can, on the plane, connect it to a detonator and to a Casio stopwatch. And let’s see if it works.” He actually tried it in a theater. It worked and then he tried it on a Filipino airliner, and he put it in the flotation device and there was an explosion, but thankfully that airplane managed to land. And he came to Osama bin Laden, who actually came all the way to Afghanistan in 1984 already, five years after the Soviets invaded into Afghanistan and three and a half years after America started *aiding* the Mujahideen to kick the Soviets out. CIA was deployed in Afghanistan and supplied Mujahideen with stinger missiles, shoulder missiles, to shoot down all the helicopters of the Soviets and that’s when the Soviets eventually in 1989 left, ten years later.

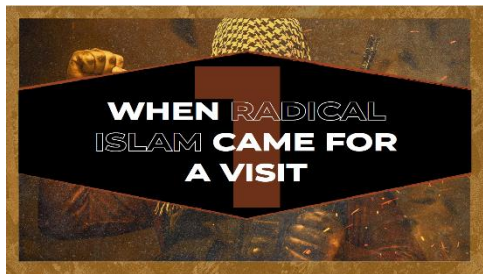

But in between, Osama bin Laden, a rich Saudi who is so amazed by what Islam is calling him to do, brought his money and his enthusiasm to Afghanistan. He’s the one who actually recruited Muslims from different Islamic countries, not the Afghans. And side-by-side with the newly emerged Taliban, Al-Qaeda was born as well. Al-Qaeda originally was born to kick foreign occupiers from Muslim countries. So, what do you do? You operate in Afghanistan, you operate in Philippines, you operate in different parts of the Muslim world, and even in Saudi Arabia, because you believe that you first topple those governments and then they become radical Muslims, and then you move on and on and on and eventually you will create an Islamic state.

When he realized that it’s not happening, he changed tactics and he thought: “I’m going to cut the head of the snake by attacking America directly and causing America to retreat from different parts of the world where Muslims predominantly live.” So Ramzi Yousef comes to Osama bin Laden with an idea: “Look, there’s the Twin Towers. We tried from underneath; it’s not

working. I have a better plan. I can execute the Bojinka Plot.” Which was supposed to happen in January of 1995, by the way, just so you know. Twelve passenger planes on their way from Southeast Asia to America were supposed to explode. And part of the plot was to assassinate the pope of that time. It was discovered. So, in my mind, my Israeli mind, I’m thinking they already have the capability of blowing up planes. They already want to bring down the two towers. By the way, in his mind: “I’m bringing down one tower and that tower will hit the other one. The Hudson’s water will overflow and destroy the foundations and that’s it.”

Well, ladies and gentlemen, Osama bin Laden summoned Ramzi Yousef again in 1998, and eventually in 1999, this whole thing started being operational and believe it or not, America three weeks before 9/11 even arrested one of those pilots. They trained them to fly and he’s a pilot from another wave that was supposed to happen two months later. But because the FBI and the CIA didn’t really like each other, the laptop of that guy had never been checked. *Everything* was on it! So, in my mind, all the dots are there ... I just tried to draw the lines.

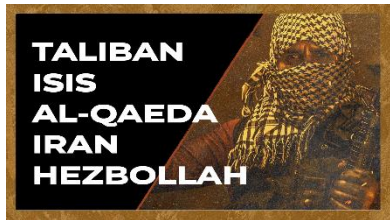

And so, I’m asking if something hits a tower, what’s going to happen? And my host said: “You know those steel beams, once they melt, the whole building will just collapse like a stack of cards.” The next morning, we woke up to this reality: Radical Islam came to visit.

For the first time opened the eyes of the Americans to the fact that the Mujahideen, whom you assisted in the ’80s in Afghanistan, they are not in love with you. And it’s because the religious affiliation, the religious calling, cannot even afford that option. You need to understand in Afghanistan alone, there are about 14 different tribes. They speak different languages, different

customs, and you need to understand, the Pashtuns are just one. They don't even have the same language; they don't have anything in common. So, what are you going to do?

You see American people, they're wonderful people, America is a wonderful country and America is a melting pot. Life, liberty, and the pursuit of happiness, that's who you are. People from all over the world left everything, and they moved to the new world. This new world right here... new country, new values, everything is different here. You have public schools—I'm talking about when originally, they were okay. The public schools are melting pots and the military, the universities. You know, two, three generations later to see Asian marries a Caucasian and a Black marries an Asian, it's okay, that's a melting pot! It's just a place where all people can live together.

So, Americans think like Americans, and they go to the Middle East, and they say to the Middle East, to every country where they are: “Why can't you live together?” It's not working like that. Taliban, ISIS, Al-Qaeda ... amazing. And you've got a country [Iran] that you negotiate with today that is the largest sponsor of terrorism in the world, and it has a role in not stabilizing, but *destabilizing* the entire Middle East. Take a look at the proxies that Iran has managed to successfully create in different parts of the world: In Lebanon it is the Hezbollah, as you can see; in Yemen it's the Houthis; in Syria they have militias that are made of Afghans and Pakistanis: the Fatemiyoun and the Zainabyoun; in Iraq, the Hashd al-

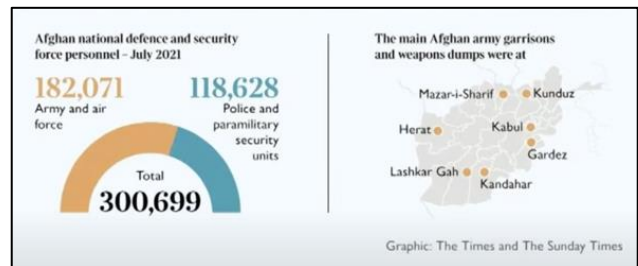

Shaabi, the Popular Congregation [Mobilization Force]; and you have in Gaza and the West Bank, you have some organizations that Iran is assisting, just so it will be destabilized.

And then 20 years after America decided to remove the Taliban because the Taliban was where terrorism was brewing—every known terrorist was actually in Afghanistan in those days training—and that’s a few weeks ago, the incompetence that we saw [the withdrawal of US forces]. And that’s August in Afghanistan and we all saw what happened, I don’t need to tell you. I need to show you the 300,000 policemen and army, military people, with weapons that countries *wish* they had. All of that disintegrated within two hours. Why?

Because the Taliban infiltrated into that military on one side, and on the other side the Taliban, for the last few months, was careful not to kill an American soldier, but they killed Afghan soldiers all the time, telling them you better be careful—when America is out, we are slaughtering you. So, what did they do? The minute America left, they dropped their weapon, took off their uniform, and just took off, ran away. That’s it.

And you think that’s the end? Wait for December in Iraq. December 31<sup>st</sup>, America is leaving Iraq as well. Yeah, it is. That’s it. Just less than a year ago, a different president brought peace to the Middle East. A few months ago, Arab Muslim countries signed peace with Israel. Just

to show you that the identity of the person in the White House, in the Oval Office, matters. I believe that the identity of the person in the governor's mansion here [in California] also matters.

The Bible says in **Proverbs 28:2**: “**Because of the transgression of a land, many are its princes; but by a man of understanding and knowledge right will be prolonged.**”

**Proverbs 29:2**: “**When the righteous are in authority, the people rejoice; but when a wicked man rules, the people groan.**”

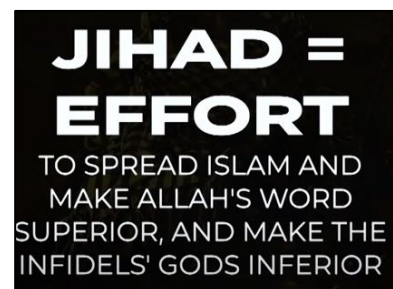

**Isaiah 5:20**: “**Woe to those who call evil good, and good evil; Who put darkness for light, and light for darkness; Who put bitter for sweet, and sweet for bitter!**” This whole world is upside down!

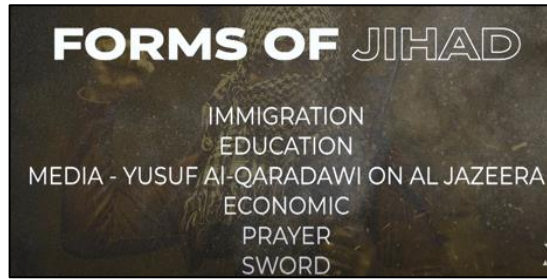

“**Woe to those who decree unrighteous decrees, who write misfortune, which *they* have prescribed...**” the Bible says in **Isaiah 10:1**.

So, I thought, you know it might be worth the while to at least educate people on what Jihad is all about because obviously they don't understand. The Bible says that “**My people are destroyed for lack of knowledge...**” (**Hosea 4:6a**) They'll perish for lack of knowledge. And I know that when Hosea wrote that it was about Israel and it was for many other things, but you know, this is a principle that you can actually find everywhere.

Make no mistake, Jihad, this holy war, comes through the Arab root of the word “effort” — to make an effort. Effort for what? To spread Islam and make Allah's word superior and make the infidels' gods inferior. That's what it's all about.

It's very interesting because jihad is not only about blowing up planes, it's not only about killing people, not at all! Jihad, "the effort," is in so many different things. Take a look at this list. These are all

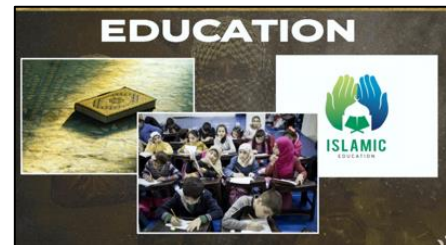

forms of jihad.

Immigration: not every Muslim that migrates to other countries is a jihadist, but the jihadists look at immigration as an opportunity to start a mosque and then a school and then a kindergarten and before you know it, they're going to tell you,

"We are going to dominate you. We're going to take over." And these are all over Europe and all over in France and in Britain and in Belgium. And that's it, they're marching in the streets and they're saying, "You are next!" A form of jihad is immigration, and again, don't be mistaken, not every Muslim that immigrates is a jihadist, but when the jihadists immigrate, it is to promote this.

There is a jihad in education. They build schools in which they indoctrinate the people, *the children*, that there's only one way to live and that's to make an effort to bring the word of Allah above everybody else, above everything else.

There is a jihad in media. I don't know if you know that, but Al Jazeera that is based in Qatar, make no mistake, they are even *calling* themselves a "media jihad"! Yusuf Al-Qaradawi, the main cleric of radical Islam, from Egypt is

having weekly sermons on Al-Jazeera where he actually says: "Al Jazeera is our media jihad."

There's economic jihad where you boycott places that hurt Muslim causes and you encourage business with places that are donating for the Muslim causes.

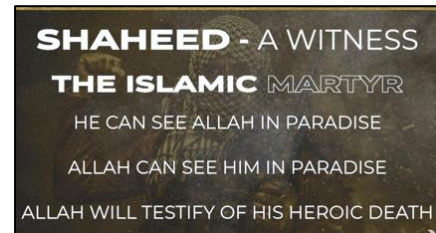

If you can't do all of those, pray. And they actually say you can be a jihadist, even if you just pray. Again, you are making an effort.

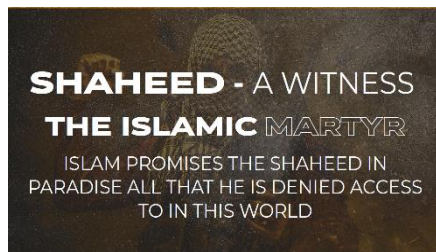

But if you have the opportunity—and that's something that is going to be *beneficial* for the spread of Islam and making Allah's word above everything else—then by any means, you should take

the Jihad of the sword as well. And we see that every week and every month and every year, all around the world. And who are those people, you are asking yourself, who is the person that wakes up in the morning and goes to blow himself up? Well, he's called "Shaheed," "martyr," but the word Shaheed means "a witness," to witness. Either he can witness Allah in paradise because he goes directly to paradise, or Allah can witness *him*

when he shows up in paradise, or Allah will testify of this man's heroic death... *heroic* death! When our God says not to kill, not to murder, when our God is saying choose life! When our God gave *His* only begotten Son so we can *live*, not die, here Allah will testify of his heroic death.

And you know, you think about the things that are being promised, he promises the Shaheed in paradise all that he's denied access to in this world. "Don't worry you can have everything in paradise." Hmm. So, think about Islam born in

the desert, in the seventh century. Think about the tribal community. Think about the fact that unless you have allegiance to your tribe, that's it, you're gone. Think about the fact that it's a dry land. Think about the fact that you look at every stranger as a potential person to destroy you and kill you. And think about the things that you're being taught from age one.

HE IS AUTOMATICALLY IN PARADISE WITHOUT JUDGMENT.

One is that if you kill yourself for Islamic cause, and you are a jihadist, and you are a martyr, a Shaheed, you will automatically go to paradise without judgment!

Number two is you will enjoy all that is forbidden in this world. One of the things that the

HE ENJOYS ALL THAT IS FORBIDDEN IN THIS WORLD, SUCH AS ALCOHOL.

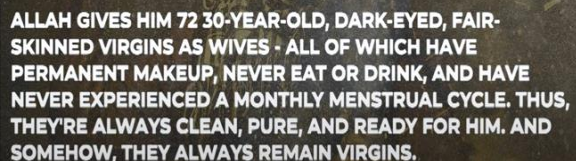

radical Muslims look at the Westerners is you are drunkards...you drink alcohol. You're ... look at you... they looked at the Soviets as drunkards in those days, and then the Americans came, and it is the same for them. You drink alcohol, you're defiled. Well guess what? They are promised alcohol in heaven ... Ooh!

HE SITS ON A GOLDEN THRONE WITH A CROWN MADE OF STONES - EACH OF WHICH IS WORTH MORE THAN THE WHOLE WORLD.

Now watch this, the Shaheed, now think about this guy lives in a cave, now watch this: He sits, when he reaches paradise, on a golden throne, a crown on his head made of stones, each of which is worth more than the entire world. Their Ḥadīd says that a tree full of fruit is right at his height, so he won't even have to make an effort to reach out to that and then the fruit is right there. There are rivers all around, good smell.

But the best of the best is: Allah gives him seventy-two 30-year-old, dark-eyed, fair-skinned virgins as wives—some say it's 30 to 33, not sure—all of which have permanent makeup. [Laughter] They never eat, they never drink, they

ALLAH GIVES HIM 72 30-YEAR-OLD, DARK-EYED, FAIR-SKINNED VIRGINS AS WIVES - ALL OF WHICH HAVE PERMANENT MAKEUP, NEVER EAT OR DRINK, AND HAVE NEVER EXPERIENCED A MONTHLY MENSTRUAL CYCLE. THUS, THEY'RE ALWAYS CLEAN, PURE, AND READY FOR HIM. AND SOMEHOW, THEY ALWAYS REMAIN VIRGINS.

have never experienced... you see what it is under [Laughter]... they're always clean, they're always beautiful, they're always ready, their skin is tight, their skin is almost transparent. In the Koran they say that he can actually see himself like a mirror, pure, ready for him at any time and somehow, they always remain virgins! [Laughter]

**HE GETS TO ADVOCATE FOR 50 OF HIS FAMILY MEMBERS SO THEY WILL BE ALLOWED INTO PARADISE ON JUDGMENT DAY.**

Now comes probably the most important... if that's so flesh and flesh, watch this now! He gets to advocate for 50 of his family members, so they will be allowed into paradise on judgment day. Think about it, that little boy and he's saying: "If I'm dead, I get this, this, and this, this, but I'm also the savior of my entire family." Now you think that an American with money—"boost your economy, build your schools, build your kindergarten, give the women rights to go ..."—are you kidding me?! He looks at you as people who paved his road to hell. In his mind that's paradise (being a martyr) and if he kills himself, he is also saving his entire family!

Now you probably, you sit here and you're laughing, but I want to show you from age zero almost, there's two books that they're always being taught from, and I'm not talking about the Koran right now or the Hadid. Look, there are books that are

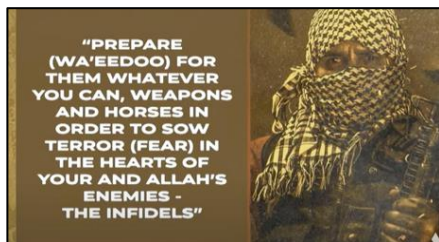

talking about the advantages of paradise with rivers and it's all green ... *now* he lives in the *desert*! That's not for someone who lives in Oregon. This is life that he's never seen and, of course, that jar is for alcohol. If that's not enough on the right "Nar," the "hell" that is promised to anyone who is not making an effort for spreading Islam. And one of the things is, you fall 40 years, you're in a free-fall until you get to hell... 40 years. Can you imagine the strength of your impact when you reach...? Forty years, free-fall down to hell. From a young age... [Amir pointing to slide of books]

And you (Americans) come and tell him, “Life, freedom, pursuit of happiness,” you speak *American* to them. That’s the language [pointing to book slide again] that they understand.

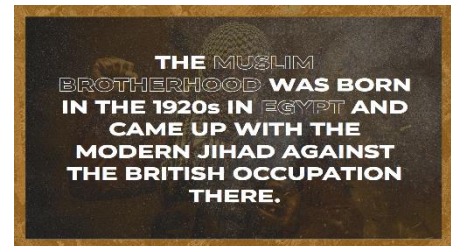

“Wa’eedoo” which means “prepare.” But that’s the only time, one time it appears in a whole Koran, Wa’eedoo. Prepare what? Well, that’s the verse: “Prepare for them whatever you

The Muslim Brotherhood, it’s everywhere. On their logo, there’s those two swords—that are nothing but to chop heads of course—but then underneath there’s an Arabic word, many people were wondering, what is it all about? The word is

can, weapons and horses

to sow terror in the hearts of your and Allah’s enemies - the infidels.” It’s a commandment: “We *exist* to prepare, to sow terror in all of you.”

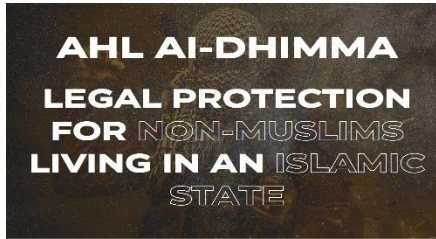

Now the Muslim Brotherhood started in the 1920s in Egypt when England, when the British Empire was still controlling them, and they thought, “We’ll kick them out of Egypt.”

Of course, many movements came from the Muslim Brotherhood during the ’50s, ’60s and ’70s. Al-Qaeda is only from 1984, it’s the grandchild. And ISIS, by the way, is the great-grandchild. By the way, Osama bin Laden never thought

that you start with an Islamic State. He said: “You take over this and this and this and this and eventually you will form an Islamic State.” ISIS, Abu Bakr al-Baghdadi, thought: “No, reverse it. *Start* an Islamic State, call it an Islamic State and then start spreading out.” That’s the difference between the two. They don’t really like each other, by the way.

They look at people that where they conquer, Ahl Ai-Dhimma, which means you are under their protection. You are not Muslims, but on order to stay alive, you need to agree that Islam is superior, Allah is superior, Allah’s word is superior, and you need to pay tax in order to stay alive. By the way, they have little hard time with Christians and Jews because Christians and Jews are known as “Ahl al-Kitāb,” the people of the Book, the Family of the Book, because you have a Book that obviously says that there is only one God, therefore you can stay alive, we don’t have to kill you immediately. Thank you. [Laughter] But when you try to understand peace, you need to understand there is no such thing between a Muslim and a non-Muslim that is called peace.

What am I trying to say? In 622 AD, Muhammad understands that he’s too weak and he’s too unpopular in Mecca. He was actually driven out and he migrated to Medina, the second largest city, and that was the Hegira,

the migration into Medina. And for probably six years he was plotting: “How am I going back to Mecca and conquer and kill everyone there? Or convert them to Islam, whatever works.” Well, he goes on a march towards Mecca, and the Quraysh tribe of Mecca sends their soldiers, and they meet next to a small village called Hudaybiyyah. In 628 Muhammad is looking and he’s seeing that the Quraysh tribe is way stronger than he is, and he decided, “Let’s sign a peace deal for nine years, nine months, and nine days.” And for the next two years, he made them think that he’s keeping that deal. Month after month, the Quraysh tribe is looking around, Mohammad is not attacking. After a year, “Hmm, he is still a good boy.” After two years, “I guess he’s going to keep that deal.” So, they send all of their soldiers, all of their camels to the trade routes, different parts,

and when he saw that they were weak, 630 AD, he conquered Mecca, killed any opposition, converted it to Islam—anyone who was willing to, unless of course they died. And that’s it, that’s the Hodaybiyyah Treaty. What does it mean? It means that what you sign on is worth nothing. The first opportunity you have, what are you going to do? Take over.

Why am I telling you that? Because in 1979, Jimmy Carter, your president, brokered a peace deal between Israel and Egypt. Anwar Sadat, Muslim guy, he’s saying to himself, “Wait a minute, am I *allowed* to have treaty with Jews?” He went to Al-Azhar, the Islamic Institute in Egypt, and they decided, “You can, it will be *exactly* like the Hodaybiyyah Treaty, don’t worry.” He signed the deal.

In 1994, the Oslo Accords, “Slick Billy” put Israel and the Palestinians together—“Slick Willie,” I think, not sure. [Laughter] Anyway, Yasser Arafat, few months after, showed up in Johannesburg, South Africa, and said...he compared “Oslo Accords to Muhammad’s Hodaybiyyah peace treaty, which led to the defeat of the peace partners.”

So now you understand who you’re dealing with. The reason why I’m saying that is this: We are watching right now, the rise of the Jihad. You are watching the comeback of ISIS, of Al-Qaeda, of Taliban, and Iran has

never been more active as it is right now in spreading terrorism. And you’re asking yourself, what is going on? I thought we’re done with these things. You are watching right now, the last surge. And why is that? Bible prophecy has nothing to say about the nations, as such, in their relations to

one another. You don't see a verse about America and Mexico and trade or war or whatever. You don't see a verse about Britain and France or about Germany and France, you don't! Prophecy is *only* about the relations of those nations to *Israel*, the people and the land, always!

In **Deuteronomy 32:8-9**, “**8When the Most High divided their inheritance to the nations, when He separated the sons of Adam, He set the boundaries of the peoples according to the number of the children of Israel. 9For the Lord's portion is *His* people; *Jacob* is the place of His inheritance.**” The *key* to all prophecy is the Jew. What are you talking about, Willis? [Laughter]

If the Jewish nation had not forsaken God and neglected the Sabbaths, there would have been no times of the Gentiles. The times of the Gentiles began when God transferred rule from the kings of Israel to the Gentile, King Nebuchadnezzar. And they will continue until Israel again becomes the head of the nations. *When* will Israel become the head of the nations? The Bible says in Romans 11, when Israel will be saved. When will Israel be saved? When Jesus comes back. When will He come back? After the Tribu... [Audience: Tribulation] ... thank you, after the Tribulation. I didn't ask when will the Rapture happen, because that's not something that we know, but I know that seven years after the Tribulation begins, it ends. How do you know that? The Bible tells me. And when Jesus comes back, He's not coming back for us, He is coming back *with* us! [Applause] Wait! And He's landing on, where? Mount Rushmore? No, where? Mount of Olives! The Bible says, “they look at Me whom they pierced, and they will mourn, and they will cry...” and that's at the repentance of the remnant of Israel. And all Israel will be saved. The times of the Gentiles will come to an end. I didn't say that, Paul said that—Jesus told him.

Ladies and gentlemen... and so when everybody in the radical Islamic world is watching the weakness of America, because America by the way, make no mistake, you have the strongest military in the world. You have the most sophisticated military in the world. You have an amazing military. It's just that, at the moment, your Commander in Chief is not awake half of the time. [Laughter] Now listen, listen to me, folks. Now it doesn't matter if you're strong, as long as you are perceived weak, *that's what matters*. And at the moment, I'm sure you all know you are being perceived weak! Although you are strong, you are being *perceived* weak and the horrific videos that we've seen although, by the way, you've done an unbelievable job in rescuing many people, but the horrific videos that we've seen of how, for some reason, military retreat before other... You understand that in the minds of the enemies, if it's possible to defeat the great United States military, it is all the more possible to defeat Israel!

A dark rectangular box with white text that reads: "IF IT'S POSSIBLE TO DEFEAT THE GREAT U.S. MILITARY, IT IS ALL THE MORE POSSIBLE TO DEFEAT ISRAEL!"

A dark rectangular box with white text that reads: "THE JOURNEY FROM PSALM 83 TO EZEKIEL 38"

Now you must understand, Israel has gone through a journey from 1948 to 2020 and 2021. From Psalm 83, all the way to Ezekiel 38, I call it: it's a journey. **Psalm 83:1-8**, make no mistake, it's a description of what we were facing in 1948. **"<sup>1</sup>Do not keep silent, O God! Do not hold Your peace, And do not be still, O God! <sup>2</sup>For behold, Your enemies make a tumult; And those who hate You have lifted up their head. <sup>3</sup>They have taken crafty counsel against Your people, And consulted together against Your sheltered ones."** Who are they? Who are His people? Who are His sheltered ones? Take a look, now there is the answer: **"<sup>4</sup>They have said, 'Come, and let us cut them off from being a nation, that the name of Israel may be remembered no more.'"** There is your answer.

Israel is a nation. There is no Afghan nation, did you know that? They are 15 different tribal affiliations! There is no Iraqi nation if you really think about it. There's no Iranian nation if you really think about it. You see, it's the Western world that put together all of this, drew new maps. And that's it and it's all falling apart in Sudan and in Yemen and in Libya. I mean, just look all around you, it's falling apart because Jesus described the enemy as "ethnos versus ethnos." It's not nation against nation in the way we see nations, it's ethnic groups against ethnic groups, tribal affiliation against tribal affiliation.

Israel is a nation. [Audience: Amen.] And so, they say: **"... let us cut them off from being a nation, That the name of Israel may be remembered no more."** When was that? The moment Ben Gurion declared that Israel is the name of what they called for 1900 years, Palestine. **"<sup>5</sup>For they have consulted together with one consent; They form a confederacy against You: <sup>6</sup>The tents of Edom and the Ishmaelites; Moab and the Hagrites; <sup>7</sup>Gebal, Ammon, and Amalek; Philistia with the inhabitants of Tyre; <sup>8</sup>Assyria also has joined with them; They have helped the children of Lot."**

Ladies and gentlemen, all the names that I just read to you, are the countries that were the first tier around Israel. Anywhere from Egypt to Jordan, to Syria, to Lebanon, and also even Iraq joined, Assyria joined. That's 1948. 1956 came and 1967 came and 1973 came, and the Egyptians gave up, and the Jordanians later on gave up and they realized that we can't beat them. There's a peace accord with Egypt, peace accord with Jordan, and now Egypt buys gas, Jordan buys gas from Israel! Not just that they have peace with us, they are now buying from us the very basic thing for their economy.

And so, when we move all the way to 70 years later, when Israel is way strong financially and militarily and technologically, look, **Ezekiel 38:1-6** says, **"<sup>1</sup>Now the word of the LORD**

came to me, saying, <sup>2</sup>“Son of man, set your face against Gog, of the land of Magog, the prince of Rosh [Russia], Meshech, and Tubal, and prophesy against him, <sup>3</sup>and say, “Thus says the Lord God: ‘Behold, I am against you.’”” God says to the enemies that are going to come: “I’m against you. In other words, it’s not going to end up good for you.” “...O Gog, the prince of Rosh, Meshech, and Tubal. <sup>4</sup>I will turn you around, put hooks into your jaws, and lead you

out, with all your army, horses, and horsemen...” Look what He says, He continued to say not only you, but it’s also going to be Persia. Persia is the name of Iran of today, that’s the biblical name. Ethiopia is the name of what

probably Sudan is today. We’re not sure because it’s right there in the Sudan and Ethiopia area. And then Libya, He said, “...are with them and all of them with the shield and helmet, <sup>6</sup>Gomer and all its troops; the house of Togarmah...” These are the ancient biblical names of Turkey of today. “...—many people are with you.” You’re looking and you’re seeing a whole formation of nations that is coming together for an invasion into Israel.

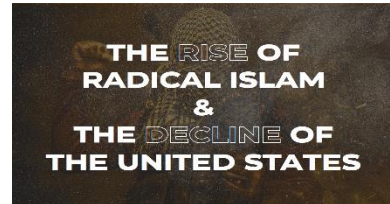

And what kind of reality is going to allow for this Ezekiel 38 coalition to make the move, because the coalition is in existence already, but when will they make a move? You and I know, and we’ve heard that before today, under the 45<sup>th</sup>

president, there was *no way* that they would have made that move. He’s a strong advocate of Israel. He moved the embassy to Jerusalem, he banished and canceled anything that has to do with Palestinian diplomatic thing in Jerusalem. He declared that the Golan Heights are Israeli territory. He declared that Judea and Samaria, those settlements are legal, not illegal. That’s our... the land of our forefathers. He withdrew from the Iran deal because he could see... Look Iran is a few

weeks away from nuclear bomb, did you know that? Even America already came to that realization right now. You're no longer interested in the deal because it's too late. They're already made... they've made a great progress for a military nuclear weapon!

So, what are we seeing? We're seeing the rise of radical Islam and we're seeing the decline of the United States of America and a weak government in Israel that depends on Muslim Brotherhood. In Israel the government today will not exist one more day without leaning on the votes of the Muslim Brotherhood! Do you even understand what I said? Look, we switched from a great statesman to a crook that stole the election by, what? By leaning on the votes of those who don't want you to even exist!

So, we see there's the rise of the Ezekiel 38 coalition, but how many of you read the full chapter? How many of you know the end of that coalition? See, everybody is: "Oh, they're going to..." They're going to be defeated!" But who is going to defeat them? [Audience: God!] You see, it is not going to be Israel. It's not going to be the Israeli prime minister, the Israeli generals, the Israeli military, not even a single time it says that Israel will use its best weapon and thus will obliterate the ... no! *God will have to intervene.* And you know, the greatest thing of all God will intervene in a supernatural way. So, no one will even be a little bit confused about who is running the show. Earthquakes, brimstone is coming from above, that's not a weapon Israel developed. [Laughter]

And so I'm puzzled at why so many teachers teach that the Antichrist is going to be a Muslim. Ladies and gentlemen, can a Muslim be a world leader? By definition, they are not. They will have to make you Muslims or kill you! Second, can a Muslim be accepted as a Messiah by the Jews? Of course not. Can a Muslim allow a Jewish temple on the Temple Mount? Of course not!

But there has to be a third temple because the Bible **THIRD TEMPLE** tells us. The Bible tells us in **Matthew 24:15**, Jesus—and I love how Jesus acknowledged the Old Testament prophets— and He said, **“<sup>15</sup>Therefore when you see the ‘abomination of desolation,’ spoken of by *Daniel* the prophet, standing in the holy place...”**

**“<sup>3</sup>Let no one deceive you...”** In **2 Thessalonians 2:3-4**, Paul is writing to a very confused congregation over there. They thought that that's it, the Rapture happened, the Tribulation began. He says no! He says, you have to understand— **“... that Day will not come”** and then he moved on and he says, he is speaking of **“the son of perdition, <sup>4</sup>who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God.”**

And it's the same Daniel who wrote in **Daniel 9:27**, **“<sup>27</sup>Then he shall confirm a covenant...”** —“hig·bir be·rit”; **PEACE** “hig·bir” means he will increase. He will make something ordinary spectacular. What is so spectacular? For the first time, a *temple* will be included in the peace deal. And he **“... shall confirm a covenant with many for one week”** — which is a seven-year period— **“But in the middle of the week, he shall bring an end to sacrifice and offering.”** That's a testimony that the temple is standing and there are sacrifices and offerings because he will stop it.

That's why in **1 Thessalonians 5:1-3**, he says: **“But concerning the times and the seasons, brethren, you have no need that I should write to you. <sup>2</sup>For you yourselves know perfectly that the day of the Lord so comes as a thief in the night. <sup>3</sup>For when they say, ‘Peace and safety!...’”** See the Tribulation .... you understand the Tribulation is going to be horrific, but it's the whole seven years. We live now in the days of Noah right now, right now we build our ark, and they are laughing at us. Right now, Noah is, what? A minister of what? Righteousness. We need to be ministers of righteousness. So, when you run for office, be a minister of righteousness, when you need to vote for someone who runs for office, vote for the one who is for righteousness. **“... ‘Peace and safety!’ then sudden destruction comes upon them, as labor pains upon a pregnant woman. And they shall not escape.”** We can see that.

There's not going to be One World Religion that we know as is right now, it's a *New World Religion*. Look what **Revelation**

ONE WORLD  
RELIGION

**17:12-13** says: **“<sup>12</sup>The ten horns which you saw are ten kings who have received no kingdom as yet, but they receive authority for one hour as kings with the beast. <sup>13</sup>These are of one mind, and *they* will give their power and authority to the beast.”** (Revelation 17:12-13) We don't see that yet. We don't see how the world is losing all the national identity, create ten entities, and they are going to relinquish their authority to the beast yet. The beast is not here yet.

The Antichrist, remember... I'm looking at how the Afghans started an exodus, running away from the Taliban. The

THE ANTICHRIST

Antichrist is someone people will run *towards*, not away from, unless you are not his. Ladies and gentlemen, two scriptures are being used for people to claim that this guy's a Muslim: (1) In **Micah 5:5**, the latter part of verse 5 says that **“... When the Assyrian comes into our land, and when he treads in our palaces, then we will raise against him seven shepherds and eight princely**

men.” Well, let me tell you that this probably was fulfilled immediately by Sennacherib the king of Assyria who reigned from 705 to 681 BC.

And then (2), there is **Ezekiel 28:1-2**: “<sup>1</sup>The word of the Lord came to me again, saying, <sup>2</sup>Son of man, say to the prince of Tyre, “Thus says the Lord God: Because your heart is lifted up, And you say, ‘I am a god, I sit in the seat of gods, in the midst of the seas,’ Yet you are a man, and not a god, though you set your heart as the heart of a god.”” Well, believe it or not, the king of Tyre—Tyre was one of the wealthiest kingdoms in those days—and he really thought he is a god. By the way, many, many kings thought that they are a god. But last time I checked, you know, worms ate, who? Herod. Why? Because people thought he’s God and he never said no. Remember? Even the Caesar in Rome, when he entered into Rome, there were some clowns that will always run before him and tell him, “You are not a god. You’re not a god,” because they thought they were God. They were worshiped as gods. So, Tyre was destroyed twice after Ezekiel’s prophecy. First by Nebuchadnezzar and then by Alexander the Great.

If you want to understand who the Antichrist is, there are three books that give us a consistent picture of who he is: Daniel, 2 Thessalonians, and the book of Revelation. **Daniel 8:9-12**, we read about it. And in **2 Thessalonians 2:3-4**, we read about it. And then, of course, in **Revelation 13:1-4**, you see a lot of what this man is all going to be.

Look, I’ve said many things that may not sound nice. I showed you that this is the *last*, the Final Jihad ... why? Because the minute radical Islam is going to be defeated on the mountains of Israel [as described] in Ezekiel, someone new is going to emerge into the scene and introduce a new religion to all the hundreds of millions that are going to be so confused and so desperate for what’s going on around us. Ladies and gentlemen, we are not to be concerned. Jesus said, **John 14:1-4**, “<sup>1</sup>Let not your heart be troubled; you believe in God, believe also in Me. <sup>2</sup>In My

**Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. <sup>3</sup>And if I go and prepare a place for you, I will come again and receive you to Myself; that where I am, there you may be also.** [Applause] Ladies and gentlemen who is changing address here? [Audience: We are.] We! He says, look, He didn't say, "Where you are, I will also be." He says, "Where I am, you will also be." He will receive us unto Himself. **"<sup>4</sup>And where I go you know, and the way you know."**

And Jesus says, **John 16:33**, **"<sup>33</sup>These things I have spoken to you, that in Me you may have peace."** Look, if you try to find peace in this administration, or in military powers, or in the stock market, or in some motivational-speaking person, or in some sugar-coated messages in some churches that are telling you that claim it, name it, you'll get it, ladies and gentlemen, it's not going to work. Jesus said: **"... in Me you may have peace. In the world..."** Why are we so surprised? **"...In the world you will have tribulation; but be of good cheer, I have overcome the world."**

And I will say this: While the world is awaiting the last Jihad, *we* are awaiting the *last trumpet*. [Applause] And a lot of people... every Feast of Trumpets, people come to me, and at the end of the feast they are angry and disappointed. What happened? Why, what happened? "Feast of Trumpets is over and we're not [raptured], we're still here!" Guys, the last trumpet is the trumpet of God. [1 Thessalonians 4:15-18] It's not here ... it's not a few Jews in a synagogue ... [sound of a trumpet]. No, it's *a trumpet of God*. The voice of an archangel... Is the archangel around you here? No, he is there! [pointing to heaven] This is not about *us* preparing *His* return on Earth. It's about *Heaven* preparing *our* arrival into Heaven! So, the last trumpet is not to be heard here. Nobody's going to hear the trumpet here. We're gonna be 'boom!' Gone! Everybody's like, "Whew! Thank you, Lord, they are out of here, let's party right now." You have to understand something, nobody would miss you. We will be gone, and we will be received with a trumpet, with

a voice of an archangel, and we will be escorted into our 2000-year-old project of mansions and that's how it is going to be. [Applause]

So, whenever it's hard and it is going to be *way* harder, but God never promised us that things will be great. Jesus, not a single time, said to be of good cheer in this world and you will have a garden of roses... no. So, things are going to get hard, but our mind, our heart, should be fixed on the things that are above. Set your mind on things which are above, where Christ is at the right hand of the Father, not on the things which are on earth. [Colossians 3:1-2]

“Father, we thank You for Your promises. We thank You, Father, that we are not destined to the wrath of God. We are going to be saved and protected *from* the wrath that is *about* to come. We thank You, Father, for all Your promises. We thank You, Father, that as we watch the rise of radical Islam, as we understand maybe now why they even think the way they think, we pray that You will reveal Yourself to these people, that Jesus will be revealed to those millions of so deceived people that are like minions in the hands of Satan. And we pray, Father, that Jesus will continue to reveal Himself in dreams and visions to tribal leaders that will show the whole tribe... listen, Jesus is Lord and not anything else.

We pray, Father, also for the salvation of Israel. We pray, Father, we know, we understand this, the tribulation will lead to their salvation eventually, but we pray that many will find You even before that. Father, we also pray for this country, the United States of America, and although it is on its way down, at least perceived to be so by so many, Father, the body of Christ is alive here and we ask that You, like never before, will reveal Yourself to so many people in this country to understand that we need to put our trust, not in horses and not in chariots, but trust in the Name that is above all names, the Name that is of the Prince of peace, the Lord of peace, who is the only

One that can give us peace that surpasses all understanding. His name is Yeshua, because He's our salvation. It is in His Name that we pray and all of God's people say, Amen." Thank you.

45<sup>th</sup> President, Donald Trump.
