PPK[®] OR PPK/S[®] A LEGEND RETURNS.

.32 ACP

Introducing the iconic PPK/S in .32 ACP, a timeless classic reborn for modern enthusiasts. Steeped in history and nostalgia, this vintage-inspired pistol pays homage to the legendary Walther PPK lineage. Crafted with precision engineering and attention to detail, the PPK/S in .32 ACP combines classic design elements with cutting-edge performance, offering a seamless fusion of style and functionality. Whether you're a collector or a defense focused shooter, experience the thrill of owning a piece of firearm history with the PPK/S in .32 ACP.

At the time of its invention over 80 years ago, the PPK inspired an entirely new category in the firearm industry, now widely known as the concealed carry pistol. To fill the need for performance in a concealable package, Walther broke the mold of pocket pistols and full-size military pistols to bring undercover officers a more-practical and reliable option, the PPK. It is chambered in .32 ACP, the PPK provides all the power needed in a self-defense pistol without sacrificing on critical functionalities.

To execute this revolutionary concept, the Police Pistol Kriminal took all the modern advancements available at the time and combined them into one performance leading pistol. It features a double-action/single-action trigger that decocks when rotating the safety down into the safe position, first introduced by Walther.

Few guns have withstood the test of time like the brilliantly designed PPK. To this day, the PPK is still one of the most sought after concealed carry pistols on the market. This demand serves as a testament to Walther's long-enduring legacy of excellence and unparalleled performance. The timeless design and superior engineering make the PPK a true legend amongst firearms.
