

# EZ Connector

EZ Connector® is a revolutionary duct connection system that can significantly reduce installation time and labor over traditional duct assembly. This innovative system is the first and only corner system on the market that allows the contractor to fasten a patented locking bolt using a cordless impact driver.

The teardrop shaped cut out of the corner with the proprietary bolt pull the connection together and lock it in place without the use of a nut, using a convenient cordless impact driver. Pictured above is the TDF® EZ Corner & 1" bolt.

Self-piloting screw tip of the bolt self-aligns the corners and ductwork, eliminating the need for an alignment tool and clamping. 1-1/2" bolt shown.

## EZ Connector TDC/TDF Corners

These precision engineered and stamped TDC and TDF corners can be used in automated corner crimping machines with traditional Cornermatic® Classic, Cornermatic® Combo, and the revolutionary Cornermatic® Plus™.

- EZ Corners feature a patented "teardrop" shaped hole that locks the bolt in place, eliminating the need for a nut
- Also appropriate for manual insertion • Available in Galvanized or Galvaneal

## EZ Universal C/F Corner

The EZ Universal C/F Corner is compatible with TDC and TDF connections, and is designed for heavier gauge duct. The wider inside corner easily accommodates the Pittsburgh joint.

- Versatile corner that eliminates the need to stock multiple corners!
- Designed for heavier gauge duct • Flat outer edge allows for full fold of the TDC or TDF

## EZ Connector Quad Corner

The EZ Quad Corner is compatible with Dyn-O-Mate J Flange, and most other brands of flange duct connection on the market. This corner eliminates the need to stock multiple corners.

- Deep dimples hold securely into the flange
- Versatile corner that eliminates the need to stock multiple corners!

## EZ Connector Bolts

This patented bolt is specifically designed for use with EZ Connector corners. It acts as an alignment tool and a locking nut during installation when used with the teardrop EZ Corner.

- Available in 5/16" or 9/16" drive • Replaces 3/8" carriage bolt, washer and nut at the four corner connections
- Washer built into "extra high" EZ drive head • Eliminates use of drift-pin and clamps for corner alignment
- Spin-out feature prevents over-torquing and reduces damage to gaskets (leakage at corner reduced)
- 1-1/2" long version available for larger ductwork, heavier gauge, unique location, special fitting applications
- 1" bolts available for faster assembly of smaller ductwork

## Swivel Impact Nut Driver

The one-piece Swivel Impact Nut Driver features a built in magnet that keeps the EZ Connector Bolts securely in place during assembly. The head swivels for added flexibility into tight spaces. Sold separately.

Item #	Code	Description	Qty/Box
13078	EZCS	Stackable TDC® EZ® Corner	250
13079	EZFS	Stackable TDF® EZ® Corner	250
13088	EZCFU	EZ® Universal C/F Corner	250
13082	EZQC	EZ® Quad Corner	250
25080	EZCSGN	Stackable TDC® EZ® Corner- Galvaneal	250
25081	EZFSGN	Stackable TDF® EZ® Corner - Galvaneal	250
13070	EZB100B	EZ® Bolt 1 in Only Bulk	1000
13071	EZB100	EZ® Bolt 1 in Only Bagged	125
13073	EZB112B	EZ® Bolt 1-1/2 in Only Bulk	500
13074	EZB112	EZ® Bolt 1-1/2 in Only Bagged	125
13160	EZB516100B	5/16" EZ® Bolt 1 in Only Bulk	1000
13161	EZB516100	5/16" EZ® Bolt 1 in Only Bagged	125
13162	EZB516150B	5/16" EZ® Bolt 1-1/2 in Only Bulk	500
13163	EZB516150	5/16" EZ® Bolt 1-1/2 in Only Bagged	125
13077	EZS2	EZ® Swivel Impact Nut Driver	1
13062	EZS516	5/16" EZ® Swivel Impact Nut Driver	1
