

Max2000 Left, Right, & Combination Snips

Work. Perform. Outlast.
Limited Lifetime Warranty

MAX[®] 2000

Max2000 snips offer a narrow grip opening that accommodates large or small hands to maximize the powerful leverage of compound handle-to-head linkage. Linkage will not rattle or loosen over time. An easily adjustable pivot bolt, with nylon locking nut, holds its adjustment securely. These snips feature alloy steel blades with serrated lower jaws for solid gripping power in sheet metals, vinyl plastics, layered metals and seams (including "S" flats).

Nothing outcuts, outmaneuvers or outlasts Max!

Replacement Spring M2000S
