

**PUSH
LIQUIDTIGHT
CONNECTORS**

SECURE CONNECTIONS FAST **WITH PUSH LIQUIDTIGHT**

- **Fast push-to-install fitting**
- **UV-Resistant**
- **The first push LQT transition fitting**
- **Bridgeport: the leader in transition fittings**

Nonmetallic liquidtight connectors are a lightweight solution for making dependable, cost-effective, flexible, corrosion-resistant connections.

Push-LQT™

Push-Liquid-Tight Connectors

Push On Nonmetallic straight and 90° connectors for use with nonmetallic “Type B” liquid-tight conduit.

Connectors simply push onto conduit. No tools required! Sunlight resistant. NPT Threads.

NEMA TYPE 2, 3, 3R, 4, 4X, 12

430-PLT

Straight Nonmetallic

CAT NUMBER	TRADE SIZE	UNIT QTY	STD PKG QTY
430-PLT	1/2"	25	100
431-PLT	3/4"	25	100

470-PLT

90° Nonmetallic

CAT NUMBER	TRADE SIZE	UNIT QTY	STD PKG QTY
470-PLT	1/2"	10	100
471-PLT	3/4"	10	100

Push-LQT™

Push LiquidTight Transition Couplings

Push On Nonmetallic transitions couplings for use with nonmetallic “Type B” liquid tight conduit and Rigid Conduit.

Connectors simply push onto LT conduit and can be threaded onto Rigid/IMC Conduit. Sunlight resistant. NPT Threads.

NEMA TYPE 2, 3, 3R, 4, 4X, 12.

4370-PLT

Straight

CAT NUMBER	TRADE SIZE	UNIT QTY	STD PKG QTY
4370-PLT	1/2"	25	100
4371-PLT	3/4"	25	100
