AREA MOSQUITO TRAP

The AREA MOSQUITO TRAP uses our proprietary dual-band UV technology. This light attracts pesky mosquitoes and other flying insects inside where they are sucked in by a whisper quiet fan and kept in the trap below, where they eventually dehydrate.

FEATURES:

- Powered by 120v AC plug-in
- Whisper-quiet fan system
- Powerful dual-band UV technology for optimum attraction
- Foldaway handle for versatile hanging
- Elegant design, rugged construction
- Indoor or outdoor use
- No zapping

OPERATION

For best results, keep doors and windows closed for use indoors. Use primarily at night. Place trap in high-traffic insect areas, e.g. near trash cans, exposed food, standing water, etc.

1. Plug the Mosquito Trap into an AC power source using the included AC cable.
2. Simply press the power button to turn the product ON. The UV LED will turn ON and the fan will activate.
3. Simply press the button again to turn OFF.

MAINTENANCE

Make sure that the Mosquito Trap is OFF and disconnected from its power source before performing any maintenance or cleaning. Do not use spray cleaners on the Mosquito Trap. Only use a damp or dry cloth to clean.

Dispose of the captured insects frequently. To access the insect containment portion of the unit, unscrew the base of the unit by turning counter-clockwise. Dispose of insects and clean interior as needed. Reattach the base to the unit.

When opening the trap, as insects that have not fully dehydrated may try to escape. On average, mosquitoes take approximately 2 days to dehydrate.

CAUTION

- Keep out of reach of children.
- Keep product on flat surface, or hang safely.
- Do not insert fingers or other objects into the fan system
- Product is not waterproof, but can be used outdoors. Take appropriate precautions.
- Do not clean with water spray or other liquids. Use damp or dry cloth to clean.
- Keep power cord away from heat, sharp edges, water or other liquids.
- Empty trap and dispose of the captured insects frequently.
- Use only as directed.

Our extensive line of pest defense products helps provide fierce protection indoors, outdoors, and even on-the-go. Visit our website for full information.
