UNIVERSAL LONG GUN MOUNT

Item #6108

MOUNTING INSTRUCTIONS

The LG Universal Long Gun Mount is designed to mount on long guns. Mount adjusts to fit from 20mm to 32.5mm diameter. Patented universal mounting does not require tools to mount or unmount.

1. Select a location on your long gun that will not interfere with its intended use of operation.
2. Place the two halves of the mount on either side of the barrel and flashlight.
3. Tighten the mount onto the barrel and flashlight using the latch of the mount.
4. Set the latch of the mount in the locked position and test your flashlight for functionality.

The accessory rail-mount gives you the ability to mix and match your favorite light and laser accessories. Accessory rail-mount measures 18mm x 24mm.

QUALITY GUARANTEE

This product is guaranteed against all defects in workmanship and materials for the original owner for one year from the date of purchase. Damage to or failure of the flashlight or any component thereof due to alteration, misuse, battery leakage or lack of maintenance will void any and all guarantees. Damage by leakage of batteries should be taken up with the manufacturer of the battery using their damage claim instructions. For any additional information call 1-800-255-6061.

The exporting or re-exporting of U.S. Controlled items without proper approval from the U.S. State or Commerce Departments is strictly prohibited.

Warning: This product may contain a chemical known to the state of California to cause cancer and birth defects and other reproductive harm.
