

# Cardio Elite® For a Healthy Heart

**CARDIO ELITE® FOR A HEALTHY HEART, COGNITION, AND STAMINA**

## From Dr. Shade, Quicksilver Scientific® Founder

*"Your cardiovascular system is also your circulatory system – where healthy blood flow supports the oxygenation, regeneration capacity, and performance of all tissues – from your heart to your fingers and toes. Nitric Oxide is an important signaling molecule that not only supports circulation, but healthy blood pressure, brain function, and overall health. We developed Cardio Elite to help optimize nitric oxide production to optimize blood flow and healthy blood pressure, so you feel more energized, clear-headed, and powerful—every day."*

## Product Overview & Key Benefits

Good circulation is the foundation of feeling your best—mentally and physically. But most supplements only support part of the equation. Cardio Elite takes a smarter approach. It blends targeted nitric oxide-promoting nutrients like potassium nitrite/nitrate and L-citrulline with circulation-supporting herbs to aid healthy blood flow throughout the body.

### BOOSTS CIRCULATION NATURALLY

Potassium nitrite/nitrate and L-citrulline help your body produce more nitric oxide

### SHARPENS MENTAL FOCUS

Healthy oxygenation to the brain to support clarity, alertness, and cognition

### SUPPORTS HEALTHY BLOOD PRESSURE

Rhamnan sulfate, helps relax blood vessels and maintain normal blood pressure levels

### IMPROVES ENERGY & STAMINA

Healthy blood flow to muscles supplies the power and stamina to support any activity

### STRENGTHENS VASCULAR HEALTH

Time-honored botanicals support healthy blood vessels for overall blood flow and circulatory function

### SUGGESTED USE

Take 1 tsp serving by mouth and hold for 90 seconds before swallowing. Best if taken on an empty stomach at least 10 minutes before meals

## How It Works

Cardio Elite supports circulation by boosting nitric oxide—a molecule that helps relax blood vessels and improve flow. Potassium nitrite/nitrate and L-citrulline kickstart this process, while rhamnan sulfate and herbs like Dan Shen and Ginkgo support vascular health, blood pressure and smoother circulation. Our nanoemulsion delivery technology supports fast absorption—so the formula can start working right away.

## Why Trust Us?

Quicksilver Scientific® has been formulating and manufacturing highly bioavailable liposomal supplements since 2006.

- Leader in highly bioavailable liposomal delivery system technology
- Sold in 30+ Countries
- Trusted by 30,000+ practitioners and healthcare providers
- 38 patents issued or pending
- NSF GMP Certified Facility

Most circulation supplements fall short because they're poorly absorbed. We do it differently. Cardio Elite uses our advanced nanoemulsion delivery system technology to help key nutrients like potassium nitrite/nitrate and rhamnan sulfate reach your cells quickly. Efficient absorption of ingredients means fast action and targeted support for healthy blood flow, mental clarity, and daily stamina.

### SMARTER SCIENCE. UNPARALLELED RESULTS.

## Experience Stamina, Clarity, and Flow.
