

Banish Log Home Highways for Bugs and Air Leaks With Log Gap Cap

Here's How:

Step 1:
Tape off the areas to be sealed.

Step 2: Insert Log Gap Cap.

Step 3: Apply Conceal® or Log Builder® according to directions. Smooth it to ensure a tight seal.

Step 4: Remove the tape after smoothing and before the sealant skins over.

Step 5: Step back and enjoy your handiwork.

Available Sizes:

Small – fits 6-8" diameter logs
Large – fits 9-11" diameter logs
