

DESCRIPTION

Seymour Prep Cleaner is a concentrated cleaning solution designed to properly prepare leather, vinyl, plastic, and upholstery surfaces before applying ColorBond coatings. This 4 oz concentrate mixes easily with water to create an effective cleaner that removes dirt, oils, residues, and contaminants that can interfere with adhesion. Proper surface preparation is a critical step for achieving a smooth, long-lasting finish. ColorBond Prep Cleaner ensures your substrate is clean, balanced, and ready for coating, helping your final result look better and last longer. Ideal for use on seats, dashboards, panels, trim, and interior fabrics, this concentrated formula is simple to mix and highly efficient – a little goes a long way.

PERFECT FOR

- Prepping surfaces before applying LVP OE, LVP Universal, LVP Plus Carpet, Trim Paint, or Clear Coat
- Automotive reconditioning & restoration
- Interior detailing professionals
- DIY users seeking reliable, professional results

TYPICAL USES

Powerful water-based prep cleaner makes sure your auto interior paint goes on smooth and lasts by removing common contaminants that compromise adhesion (waxes, lubricants, polishing compounds, etc.) to give you a squeaky-clean surface that is ready for a coat.

FEATURES + BENEFITS

1. Concentrated formula mixes with water for an efficient, cost-effective cleaning solution.
2. Removes oils, dirt, and residues that can interfere with coating adhesion.
3. Safe for leather, vinyl, plastic, and upholstery, making it ideal for full interior prep.
4. Essential first step for achieving a smooth, long-lasting ColorBond finish.
5. Perfect for targeted prep work, detailers, and controlled cleaning applications.
