DISABLE DEMO MODE

Product is shipped with Demo Mode active. Before normal use, you will need to deactivate Demo Mode.

Demo mode is deactivated automatically when the battery is removed for more than at least 10s.

OPERATION

Press & release Power Button to cycle through light modes:
Spotlight 100% > Work light 100% > Red Work light 100% > Red Strobe

Direct-to-Red: From OFF, press and hold Power Button for two seconds.

If no Press & Release activity for greater than 8 seconds, then next button push always turns OFF unit. The Press & Hold function will ignore this 8 second timeout feature so that the light can be dimmed at any time.

DIMMING

From On, Press & Hold the Power Button.

MEMORY

This unit will automatically save your last used Dimming settings.

To recall your last used settings, Press & Release the Power Button twice within one second.

RECHARGEABLE

This product includes a backlit LED indicator behind the NEBO "Circle N" logo on the power button.

When the product is plugged in and charging, the indicator will be backlit orange and when the charging is complete the indicator will be backlit green.
