ABOUT

The weBoost **Drive Sleek OTR** cellular signal booster improves voice and 4G/LTE and 3G data speeds inside your semi-truck, wherever the road takes you.

Designed specifically for today's connected truck driver, this kit combines the popular Drive Sleek cradle booster along with our best-performing OTR Antenna in a versatile, cost-effective communications solution.

This cellular signal booster delivers the maximum signal gain allowed by the ISED for cellular cradle boosters and comes with all components needed in one package, making DIY installation a breeze. Like all weBoost products, the Drive Sleek OTR comes with a 2-year warranty.

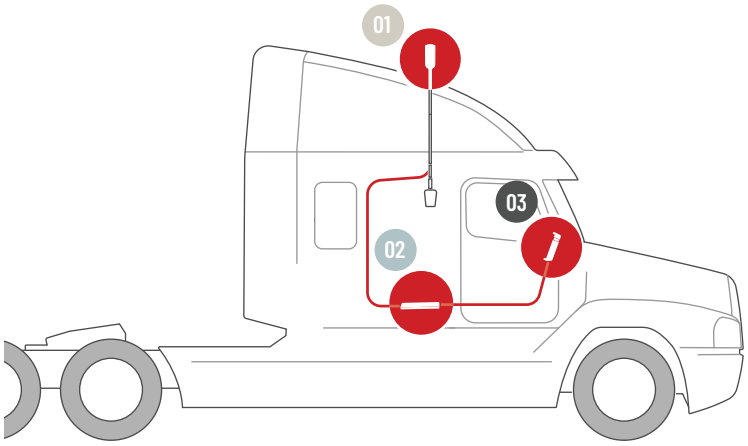
HOW IT WORKS



01 **Outside antenna:** The outside antenna communicates back and forth with nearby cell towers.

02 **Booster:** The booster amplifies any cell signals it receives from the outside antenna.

03 **Sleek cradle:** Cell phone signal is amplified when placed in the adjustable cradle.
