MICRO 5

8MM -14MM NUT CAPACITY SELF-ADJUSTING MICRO WRENCH

The all-new Micro 5 is a self-adjusting spring loaded wrench that is ideal for small nuts and bolts located in tight areas. The spring loaded jaw of the Micro 5 offers seven wrench sizes in one small compact package that will take up little to no room in the tool bag.

APPLICATIONS:

- Small nuts and bolts
- Supply lines
- Toilet bolts
- Air lines
- Hydraulic lines
- Ideal for tight working conditions
