HOME STUDIO

SKU: 650166 **MSRP:** $529.99

5G READY

COVERAGE FOR ONE ROOM

UP TO +60 dB GAIN

MULTI-USER WIRELESS BOOSTER

FEATURES

- Boosts network speeds for multiple users and devices
- Improves cell signal strength and reliability in one large space
- Compact booster with attached antenna fits on a shelf
- Works with all major Canadian carrier networks including Rogers, Telus, and Bell

ABOUT

The weBoost **Home Studio** cell signal booster provides a strong solution for weak indoor cellular coverage in home offices, living rooms, or apartments. It's engineered to increase network speeds across signal bands in a large room. Additionally, it's ready for 5G and will continue to boost cell signal for the next decade and beyond. The Home Studio also benefits from an easier installation with an inside antenna that attaches directly to a powerful booster. Once installed, customers will experience fewer missed messages, better voice and video quality, and faster data speeds. The booster kit supports multiple users and devices at one time. It's compatible with all major Canadian carrier networks including Rogers, Telus, and Bell. Proudly designed and assembled in the USA, all weBoost booster kits are backed by a 2-year warranty and 30-day money-back guarantee.

KIT INCLUDES

Booster

Booster Antenna (311159)

Outside Directional Antenna (314475)

Power Supply (850027)

(2) 30' Coax Cables (950630)

Barrel Connector (971129)

HOW IT WORKS

01 **Outside antenna:** The outside antenna communicates back and forth with nearby cell towers.

02 **Booster:** The booster amplifies any cell signals it receives from the outside antenna.

03 **Inside antenna:** The inside antenna broadcasts these signals.
