

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

So just a few ground rules before we begin. Because there is so many people online right now, hundreds and hundreds of people. We love hearing from you. But from this point on we are only going to ask that you put in specific questions in as fewest words as possible. Because I have the daunting task to be able to read these things in quick real time. Um and then just another disclaimer. We will not of course be able to answer every question. We will do our best to get through some of the some of the common ones. But here is one that was submitted just before this and we promised to answer this. This one... we will have Amir start on this one. Talk to us about Elijah returning in Malachi Chapter 4 Verse five. It talks about Elijah coming before that great a dreadful day.

AMIR: It is amazing because we just celebrated Passover, Mike. And every Jewish families having an empty seat with a full glass of wine and we are all reserving it for Elijah the Prophet. Because Malachi promised that before the Messiah at least in the Jewish tradition before the Messiah's coming Elijah has to come and prepare the wait for him. But it is very interesting because once the transfiguration ended in chapter 17th of Matthew, and that came after of course confession of Peter at Caesarea Philippi where the disciples admitted that some people think that Jesus is one of the profits. Then "they came" in verse nine "down from the mountain, Jesus commanded them, saying, "Tell the vision to no one until the Son of Man is risen from the dead." In other words there is a time for everything even a time to tell people about me as Messiah. And then look what the disciples asked him saying, "Why then do the scribes say that Elijah must come first?" They're saying, "Wait a minute." "If you are the Messiah then how come the scribes are saying that Elijah must come first? I mean where is Elijah? If you are the Messiah Elijah must have come already." Jesus answered and said to them, "Indeed," Jesus confirms what Malachi wrote. "Indeed, Elijah is coming first and will restore all things." "Will restore all things." Jesus is basically saying, "I'm the word of God. I'm not going to tell you something that is contradicting the word of God. Because I am the word of God." The word of God is true. Indeed, it is true. "But..." he said, "I say to you that Elijah has come already, and they did not know him but did to him whatever they wished. Likewise the Son of Man is also about to suffer at their hands." Then the disciples understood that He spoke to them of John the Baptist. So you can clearly see that this has been addressed. And you know, I'm always saying there are things that are worth digging into and investigating. But there are some questions that the Bible answers very

Amir Tsarfati/Mike Golay/Barry Stagner

clearly. This is one of them. I mean you can't go wrong with this one. MIKE: Yeah. Pastor Barry, do you have anything to add to that topic?

Pastor Barry: Well I think because of the statement that was made there in Malachi a lot of people are expecting Elijah to be one of the two witnesses. I think just as Amir said just simply remembering what Elijah means. It means "my God Jehovah". And He is definitely going to come. And the spirit of the Elijah is what Jesus was referring to that John the Baptist had that spirit. And he did come and they did to him whatever they wished. He ended up beheaded. And Jesus like in his future experience to the same as John that in the beheading sense but in facing death in the rejection sense. So you know, I think especially with people demanding that because of the manifestations of power that Elijah-like in the tribulation that he has to be one of the two. I don't know that that's necessarily fact. But I think what Amir said is the right way to look at it. Elijah has come. And the scripture is pretty clear. And Jesus says that He is God so that's God's word. And that's the end of the debate.

MIKE: Well, thank you. Here's another big one. If you've been watching some of the comments off to the side a lot of people are wondering about the rapture. The first... I'm going to consolidate the rapture question first. A lot of people are asking for the case for a pre-trib rapture. And the second question is covid-19 related to the present circumstances. Does that have anything to do with the pre-trib Rapture is imminent? Is it connected to covid-19? Um, That's tough. There was a lot of questions. So let's satisfy some of those. Amir, you want to go first?

AMIR: Well first of all, the reason why both Barry and myself believe in pre-tribulation rapture is because we were never promised to be to encourage one another with the tribulation. We are encouraged to encourage one another because we are exempt from the tribulation. We're not destined to the wrath of God. According to First Thessalonians Chapter five. Paul himself in the fourth chapter of first Thessalonians did not for a second think that something has to happen before the rapture to take place. He actually was pretty much convinced that the dead in Christ will rise first and we, he said, "we that are alive and well", we will be caught up together with them in the clouds to meet the Lord in the air. In other words if the tribulation must have been a necessary portion that has to happen before the rapture, don't you think that Paul would have written that? By the way when Paul did talk about the Antichrist in Chapter two of second Thessalonians he made it very clear

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

that first the restrainer has to be removed and then the lawless one will be revealed. And of course when Jesus is sending the messenger to the messenger of the Church of Philadelphia he's saying, "Because you have kept my word I will keep you out of the hour of trial that is about to come upon this world." "Out of" Not "through" but "Out of". "Out of" means out of. And so... and again, The most important thing is of course the Book of Revelation is not speaking about the church from the moment John was taken up to the presence of God in heaven. The church has not even mentioned there one time until chapter if I'm not mistaken 19 which means every mentioning of believers in between on Earth is what we call the saints of the tribulation. These are the people who came to faith throughout the tribulation. These are designated people who will eventually at the very end of the tribulation will be raptured as well. But we are the bride of Christ. We must be up there for the marriage with Christ. We must be up there for the beam seat of Christ. We must be up there for being those places that he prepared for us. So, covid-19 by the way, it's one more of many consequences of a fallen world with sickness and disease. And I also believe it has a lot to do with the issue of the heart of men which is a lot of evil. Personally I believe this virus came out of the Wuhan lab which means that it's not even some sort of a disease that started from one animal or another. It was cooked in a lab somewhere. Look, covid-19 is going to come to an end within, I don't know, in a few months or so. But I know one thing people will go back to their old ways. So, maybe even more so they'll try to live their lives as if there is no tomorrow So, I don't see it as a sign to the soon rapture more than anything else. I do see that as a warning that God is giving us out of love. And I also can see that there's a lot of fruit that is coming from it. But I see hundreds of thousands of people worldwide coming to Christ, turning to him, falling on their knees, praying that God will intervene, and literally rethink their life when it comes to God. So yes, it has a lot to do with the way we live and how we must live and how we must prepare ourselves for the soon return of Christ. But if you add to this all birth pangs of earthquakes, pestilences, wars and all of that these are the birth pangs. These are the signs of course that should be there before the rapture

MIKE: All right. Thank you so much. Pastor Barry, making a case for a pre-trib rapture this covid-19 connected to the imminence of the rapture right now?

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

Pastor Barry: Well, I think just in the sense that Jesus said there would be an escalation of pestilence plagues in the last days prior to the time period tribulation would come the world as described in Matthew 24:3-8 and then the following chapters. But yeah, I think we have to recognize that things are going to turn around. And I say that because we do know that prior to the tribulation people are going to be what they were in the days of Noah. They're going to be indifferent to signs of impending judgment meaning that they'll be buying and selling marrying and giving in marriage. Just like the day up into the day where the Lord took them in the Ark. So I think that this is going to pass. I think it's also going to feed into an absence of fear instead of the pandemic fear that we see now. It's going to create a kind of a confidence, "Well we thought things were going to end but they didn't." But regarding the rapture, the pre-tribulation rapture position, I always look for typologies in the Old Testament. The Jews for 1500 years they had an innocent lamb without blemish slain on the Passover pointed to a substitute who would suffer innocently for the sake of covering other people's sins. So there was a message communicated up until Jesus came. Personally I think the rapture is one communicated of Scripture. One we have Enoch and Elijah supernaturally translated in a living form into the supernatural world just instantaneously. They were caught up so to speak Enoch walked with God; and God took him. Because he had this testimony that he pleased God. We have the testimony through being in Christ that were pleasing to God And I also look at one other thing that I always have found to be a bit fascinating. You know, we see a distinction between the gentile world so to speak of the Gentile Church predominantly gentle church and they even though the initial believers were Jews. And what's going to happen to the Jews during the tribulation period according to Zechariah. They are going to go and there'll be great suffering amongst the Jews. And the believing Jews are going to make their way through. 1/3 of them will believe on the Messiah that look on the one whom they pierced. Historically, here's where I'm curious, Noah who was a gentile the non-Jew was raised up above the wrath of God by hunk of wood. That's how we were delivered from the wrath of God by one who hung on a hunk of wood. Now if we go to the Exodus story the Jews, between the third and fourth plague, God said to Pharaoh, "I'm going to make a difference between my people. and your people." And the Jews lived on the planet. They lived through the time of plague but they were supernaturally protected by God. This is huge. What happens with the rapture and the tribulation. The largely gentile church is removed. It's lifted up above the wrath of God. And

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

the Jews were going to, the believing Jews, they're going to survive the tribulation period supernaturally protected by the hand of God from his wrath. And they'll look upon the one whom they pierced and mourn for him as one mourn for an only son. So I think that pre tribulation position has long been established through those two things as a typology. And the rest of the evidence that we don't have an appointment with Wrath. This first Thessalonians 5:9 says that Amir quoted earlier. So, I'm all in. We don't have an appointment with Wrath. Revelation 6 to 19 is absolutely any mention of the church and that's where the direct wrath of God on a Christ rejected world is recorded. So I think if there's one thing that covid-19 points to is that we need to be looking up because our redemption is nigh. MIKE: Coming off that... AMIR: Amen

MIKE: We do have a rapture teaching on our behold Israel YouTube channel that you can check out. And we'll actually be releasing a study guide "The mystery of the Rapture" in May. So those are two tools that you can utilize. Some of you have been asking the question, "Should we get the vaccination for covid-19 when it comes out. Amir, what do you think?

AMIR: Look, I know where it goes. I know the direction where it goes. This whole idea of "are we to refuse a chip that will be implanted into us?" and all that. Look, if there is a vaccination for the covid19 it's not going to be "ID2020". "ID2020" and the chip that Bill Gates is promoting and all of that This is something... By the way that the US Administration is already rejected as a plan of action. This is something that every person in the world will have? I believe while we are still here um, a good chance for us to refuse. This is not... This is not what until about. The vaccination for a virus is not necessarily something that automatically be a way to be given to the hands of Satan or something or declare that you belong to the Antichrist. We have to remind ourselves that we the believers will not live here on Earth to see the way the Antichrist is imposing the mark of the beast on the people of the world. We will be out of here. So until then we can definitely in my opinion we can choose to vaccinate or not. This is up to us. This is not something that is super satanic. I would not... I would never take a chip into or under my skin no matter what. I mean, it has nothing to do with covid-19. You could ask me that six months ago when I would have told you I wouldn't do that. I don't have to wait for Bill Gates or anyone else doing post something like that. But if there is a vaccination for something like that that is offered to people in order not to infect or be infected. I

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

don't see the reason why not to take it. This is not the mark of the beast. And this is not... You know, there are so many other diseases we all took vaccinations for. Now, do I agree with every former vaccination? No. Do I agree with every stage of life where vaccination is required now? Do I think that part of it has to do with money of the pharmaceutical company? Yes, of course. But we have to be very careful not to lump everything in it. And not to think that every single vaccination is the Antichrist's mark of the beast. This is not the case. And again, I want to remind people that the mark of the beast is for the people that are here left behind. They're not for... it's not for us. So by taking a vaccination against covid-19, it's not by any way, shape or form a way for you to hand yourself over to the world system of the antichrist. Okay? That's as easy as I can say. Pastor Barry, help me out here.

Pastor Barry: No, I think that's wisdom. Because one, the mark of the beast is directly associated with the worship of the beast. And they're during the tribulation period obviously where basically you are denying Christ as a creator God savior and aligning yourself with the beast. And it says that the whole world is going to go after the beast because of images created that the second beast gives life to allows to breathe so to speak. You know, I think Amir, what you said we all have to make our own decision. I think that's the wise thing. You know, this is a vaccine. But the prophetic aspect of this is the technology. Because the technology is now ready to do what Revelation 13 says it's going to happen. And taking a vaccine is not taking the mark of the beast as you said. But it does tell us. And I think that the most interesting part of what Bill Gates and others have proposed now is that the word mark in Revelation 13 is "Charagma". And it indicates something on the surface of the skin. We talked a lot about of FIP chips radio frequency implant devices and all these other things potentially being what the mark of the beast will be. But this is more interesting these biometric tattoos that lay on the surface of the skin. That can interact with your own body. That can also track your ability or your purchases, your ability to buy and sell. You know, for me I think "Hey we've got what could potentially be what the Antichrist uses to govern global commerce. And it's all packaged at least now under the banner of tracking who has been vaccinated and who has not. Then so they could go into public places and in public gatherings or even go into the workplace. So the mechanism is now there. I think that's one thing that we can take away from this. It's not a mark of the beast. It's a mark associates with one that man's name and the number of his name and the worship of that man

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

MIKE: Just to remind our audience... AMIR: And we have... MIKE: Yeah, we did a special AMIR: Sorry Mike, I just... MIKE: Yeah, go ahead, Amir.

AMIR: I mean, it has to be very clear to people that there is no doubt the world is going the wrong direction or at least wrong direction as far as the word of God. But the right direction as far as the prophetic. The word of God that indicated that the world will go that direction. In other words, we are not to try and stop process that 2800 or 2600 years ago the prophet already saw that it's coming. Look, do I want the Antichrist to come? No. Do I want him to reign? No Will I be able to stop him? No! That's it. I mean I'm not going to be able. I'm not going to vote for him. I'm not going to see him. I bet I'm not. I'm not going to know that it's him. But I'm definitely unable to stop him from surfacing because we know it has to happen. God... that's the beauty of the Book of Revelation. It is not up to us. It's not. God is not telling us, "If you will behave 2/3 of the Book of Revelation will not happen." God is telling us already what is for sure is going to happen. Now, what he is saying is you do your part in order to stay out of this. And but I still want you to know what I am going to save you from. This is... this is what people need to understand. By not going to take the vaccine you are not going to stop any of the world's direction towards the mark of the beast eventually. The world will go just like Pastor Barry said. The technology, the mindset of the people. Look, nobody wants to be on the lock down again. Nobody wants his business to be shut down for months. So everybody will volunteer to run. What does it take for me? Not get sick anymore? I mean they will run to get whatever it takes to be able to run normal "normal" quote, unquote, "life" and not be disrupted the way they were now. So again, we the believers we live in the big dilemma. One, we know what we should stay away from. Two, we know exactly what is going to happen. So we do our part. The world will go the wrong direction anyway. And we need to trust the Lord that He's going to fulfill his promise to take us out of it. Look, if the world was going the right direction He wouldn't have to take us out of here. He would just come and be here. He would say, "Just so you know I hope that you will prepare a place for me." "So where you are I will also be." But he said. "No, I am going to prepare a place for you." "So where I am you will also be." Jesus knowing that the world is going to be so crazy is actually preparing a place for us. So we are going to change address. Until then if we need to stay healthy stay healthy. If you need to take a vaccine take the vaccine that doesn't make you a satanic

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

worship or worshipper. It doesn't make you anything but someone who is responsible enough not to be infected and yet and then infect other people. That's all. Let's not make it more than it is.

MIKE: Yeah, very well put gentlemen. Thank you for addressing that. And keep in mind too folks, that have just come in. We have a whole teaching update on the specific mark of the beast where we mentioned Scripture versus and our thoughts on that with our staff. So take advantage of that resource. Um a lot... A lot of you are commenting on the Ezekiel War. And if that has anything to do with what is going on right now. Does the Ezekiel War in chapter 38 and 39 have any... Is that before the tribulation and rapture or is it after? Where is the placement of the Ezekiel 38 and 39 war In your view, gentlemen? Let's start with uh... we start with Barry on this one? Pastor Barry, when Ezekiel 38 and 39 War is going to happen?

Pastor Barry: Well I I think this is one of the most exciting things that has happened in the prophecy narrative in our generation outside of the birth of the nation of Israel is the coalition of forces that are drawing together and aligning themselves with one another that Ezekiel predicted. You know, there's a lot of interpretations and variations within those interpretations of who the players are. But the thing I think that is most important in regards to the question is the divine response. We are told in Ezekiel 38 and 39 that what happens is there's an earthquake, there are hailstones, blood, fire, very catastrophic wrath of God type of response to this. And you know I've always looked back to if there was ever going to be that type of response to anything during the church age that it should have been to Nazi Germany. If God was going to respond in his cataclysmic wrath killing six million Jews certainly would have been the opportunity for that. But because we are in the church age, because Israel has been blinded in part even though thankfully Amir being testimony Jews are coming to faith in Christ. But the reality is that during the tribulation period this is 70th week of Daniel. And God said, "I determined there is a sequence in which these weeks you're going to happen." Divided into 7 weeks, 62 weeks and separated from that is the 70th week. And the Lord said through and to Daniel this is a time determined for your people and your city, the Jews in Jerusalem. So during the 70th week things are going to switch back to how they were during the previous 69 weeks. God punishing those who attacking assault Israel like Zachariah Chapter 14 says. All the nations of the Earth together against them will experience a divine response in the form of

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

God's cataclysmic wrath. And that is what happens during the Ezekiel scenario. God responds. God defends his people. And for that and because of them in my mind that puts the Ezekiel war scenario inside the tribulation period. So the reason I say that is exciting is because if it happens during the tribulation and we are not going to be here during the tribulation, the Lord could come for the church today. MIKE: Yeah very good answer.

Amir, No, I mean... Look, everything on the ground is showing that it's imminent. The Ezekiel War...I mean, covid-19 added a lot to the crisis of the price of oil that is now helping the coming crushing economies of Russia and Iran and Turkey. We are watching unbelievable things happening. The price of a barrel is \$18 as of now. And the OPEC Agreement did not help a bit. Because the demand is so low right now for oil. So my point is I am definitely anticipating the Ezekiel War to come around the corner. I'm not sure we'll see it. But it's definitely the next thing. It's the next thing on the prophetic timeline when it comes to a big war that is predicted by the profits. So yeah, definitely is. And we have to remember not to mix Ezekiel war which is Gog and Magog with the Armageddon campaign that will eventually be in Jerusalem according to Zachariah 12 and 14. These are two different things. One will maybe usher tribulation while the other will usher to the return of Jesus at the end of the tribulation.

MIKE: I just wanted...

Pastor Barry: That is after the rapture. That is what that meant. MIKE: Okay. I just want to take a moment. It is just kind of ... It is a little point of funniness that Steve has mentioned online here that he would be glad to take the vaccine if it was rolled out by the Trump administration. But he would not be glad to take it if it was rolled out by the globalists. So it seems like some of you guys don't trust the globalists. We don't neither. I know it's a little bit of levity to the conversation. I want to shift gears. Listen...

AMIR: Mike, I've seen all the comments and it has to be clear. I will never go online and tell people not to take a vaccine for a disease like that. Just because you might be risking yourself over being tagged as people of the beast or whatever. Listen, Bill Gates is not the minister of health. Last time I checked is not even an elect and elected figure. He's nothing. He's not. He'd never even finished

college. He's a rich man. That's it. I don't think they're weak or must be afraid of Bill Gates. Now he is trying to cook something no doubt. But that is not something that is directly going to be embraced by governments at this point. This is more over the future plan if you ask me for what's next. So, I'm not concerned about him. If the Trump administration is offering a vaccine or if the Israeli government is offering a vaccine I'll take it. I don't... because Bill Gates has some horrible plans in his mind it doesn't mean I'm not going to take the vaccine that Israel is suggesting. And I will not be so irresponsible to tell millions of people around the world don't take the vaccine. This is not what we're supposed to do. We're supposed to submit to the authorities, we're supposed to pray for the authorities and we're supposed to live healthy life. And again, I don't believe that Bill Gates is calling the shots at this moment. There is a president in the White House that is fighting like a lion against the globalist. He's fighting like a line against the cabal. That's why they hate him so much. Same goes with Israel. The cabal, the globalists, the elite, they're all trying to get rid of Netanyahu. So we're... There's an amazing spiritual battle that is going on right now. And I'm not going to rule out any vaccine for covid19 just because Bill Gates has his own plans. You know, when we're out of here I'm sure they will let him do what he wants. As long as we're here we're not going to let him do what he wants. Certainly not to us. Don't worry.

MIKE: Okay. I got one for Berry and then I got one for Amir. Pastor Barry, what is the Canon of Scripture? Can we be reassured that the Bible that we have is the complete word of God? What about all these other so called "gospels"? And then Amir, there's a follow up question to that. Unrelated, somebody was asking, "Where is the Ark of the covenant today?" So let's start with Berry. What is the Canon and can we be assured that the scriptures we have are trustworthy and complete?

Pastor Barry: Well we have ample evidence within the text to tell us that we have basically. I think how Chuck Missler put it an integrated message system. So basically we have the two testaments its cooperating together. You know, quotations from the Old Testament are peppered throughout the New Testament. And both in fulfillment and yet pointing to the future events. There's multiple quotations or references to the Old Testament. Hundreds of them in The Book of Revelation withdraws a connection between the two. Yeah, I think the important thing for us to remember is

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

that back in the days when the Scripture was being inspired by the spirit and penned by human beings that it was a very laborious task to copy the Scripture. And so we have what's called copyist errors that make their way in. And somebody will leave off a breath mark or a particular accent point in either of the languages. And it could change the meaning of the word. So we have multiple manuscript especially the New Testament over 40,000 portions of the New Testament which allows them to be reviewed and the message that was actually communicated originally is easily arrived at the Jews took great care of handling the scripture. Even as we see today they carry the Tanakh, the Torah in an ark. It is protected and it is revered. And the same thing took place throughout the ages when the scribes were transmitting scripture when they were writing out the portions of Scripture. You know, we've all heard about the rituals of washing the hands when they came to the name of the Lord and changing the garments and all these other things. There was a respect and reverence for the word. And we can trace it back all the way. The Bible that we have now one of the only books of one of the latest last books to be recognized by those and places of authority with the Book of James. Because it didn't focus solely on just the grace of God no work's involved or any of that. But that quickly came into line. I think the earliest completed scriptures we have it today is called the Muratorian Canon. Muratorian Canon which basically does exactly that I think it left out James and Hebrews. Hebrews because of the unknown authorship. Personally I think Paul wrote it because of his references to Timothy. And the book of James again for the same reason. To some as a Martin Luther called it the epistle of straw. But I think what we can recognize is that between the two Testaments we have a consistent message from a book written by 40 different authors over 1500 years that never depart from its original intent which was established all the way back in Genesis Chapter three where we're told of one coming in with bruises Serpent head and the serpent bruising is heel. That messages communicated down to the ages. It was pointed to through the profits and it's fulfilled in the Gospels. And the end result of it being the salvation of our souls redemption of our bodies is that messages communicated all the way through the Book of Revelation. And especially in the latter chapters 21 and 22 where it's all completely fulfilled. And things happen just as they were foretold. So, for me some of these arguments that you know, because there's a copyist's error , there's textual distinguish between translations and I don't think that invalidates the stripping at all. Let me say this. I think we need to be careful of modern paraphrases. Because there's a lot of things

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

out there that are not translated. But rather they're interpreted by one who is not looking at an ancient manuscript that reading the original languages rather one who is reading a modern translation and turning it into what they think it means. And we're getting a lot of those things floating up to the surface in these last days. But yeah, we can trust in the Canon of Scripture. The books of the Old and New Testaments to 39 that make up the least the gentile version of the Old Testament and in the 27 that make up the new. And one of the things I think that's interesting I think if we look at the Book of Isaiah. It's a mini Bible. It's 66 chapters, 39 chapters of God dealing with the manner in which He dealt with the Jews for their rejection of him and then there's 27 chapters of Hope and Reminder of the Forgiveness and the Grace and Mercy of God. So the Book of Isaiah is a picture of the whole Bible. 66 chapters, 39 Just like the Old Testament have God dealing with the rejection of the Jews that was planned. 27 chapters of God's Mercy and Grace and dealing with them which is the same number as the New Testament. I don't know. I'm not the one bids on coincidence. I think that's just a subtlety of Scripture that reminds us that we have exactly what we need from the true and living God in written form.

MIKE: Thank you Pastor Berry. There was... Hey Joe! Joe is persevere online here. He's asking What is Q-Anon with a Q. Amir, we were asking the question.

AMIR: I don't know. Mike, Mike. Let me explain what he mentions has to do with "Q-Anon". It's not "Q-Anon". He's talking about something else. And...

Pastor Barry: Deep state... AMIR: that's not... Yeah, it's about the deep state. It's nothing to do with Canon.

MIKE: Yeah, I realized that how....Is that a question you want to take? He has persevered mightily in the comments section. So, you want to comment on that?

AMIR: Oh Yeah. Yeah, I will. Yeah. Let me... I would comment. I would comment There is a terrible phenomenon that is afflicting most of the world. And that is that they're small number of families around the world is controlling most of the economies and the leaderships of planet Earth. They are well connected. They are evil in their intention, generation old in their age and they are all about reducing the population of planet Earth and creating a completely different world system and world

order that definitely fits the narrative and the mindset of the Antichrist. These people serves Satan without even having to say that. By the way many of them do say that. They no longer have the shame or to hide it. Now, let me explain. President Trump was an accident. As far as they're concerned. They planned on having Hillary Clinton as president. They already printed all the newspapers. And by the way Benjamin Netanyahu, the fact that he's still the prime minister of Israel, a year and in a few days after we started the longest election period or in our history the fact that he's still the prime minister of Israel is another accident of the same group of people. Prime Minister Netanyahu said just a few days ago that he believes that there is a deep state in the Israeli judicial system, military and ah government system. These people are not elected people. They're not even elected people. They are people who were planted by elected people to serve as government workers in the different branches. And what they do? They serve their masters. Now, it has to be very clear that it's biblical to even talk about it. Because we can see the mystery of lawlessness already at work. The fact that the Antichrist himself is not here yet doesn't mean that the mystery of lawlessness is not already at work. It is already at work. And I want you to understand, folks, that they are going to take advantage of every single event in the world to push their agenda. And so this is exactly why I guess 80 to 90% of the comments on our common section right now has to do with Bill Gates right now. It has nothing to do with Bible. Why? Because what's going on right now is people are taking advantage of the situation and the desperation of so many millions around the world. And they're going to push their agenda of complete control over people all around the world. And by the way when I mentioned earlier too about the vaccination let me make it clear. 90% of the people in the world may have had covid-19 and they don't even know that. I mean we are probably even self-immune already. We don't have to take vaccine if we already developed the antibodies ourselves. And therefore, I personally because I'm a healthy person and I take care of my health, I'm not... I'm not going to take vaccine for something I don't need to. But when the doctors will come to the point to and offer something like that to sick people or the people that might be likely to get or whatever it is what happens right now is that the push for "Let's not have this nightmare again of covid-19 by simply allowing ourselves to know who was vaccine and who's not." This is going to be big. Let me explain to you, Mike. World travel will not be resumed until a simple quick and reliable test for covid-19 will be found. I need to make it very clear. World travel flights between countries

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

we'll never be resumed until a simple and reliable test for covid-19 is going to be found. Not a vaccine. Vaccine is not the issue right now. Now it is "Do you have it or not?" Not if you need vaccine or not. And so, again the world is very much invested into the effort not necessarily to find a vaccine as much as to find the best and the fastest and the most reliable way to check if somebody even has it. That's all. And I personally think that if there is something we need to pray for is that those type of test will be found early. Soon and people will move forward with it. I'm not promoting vaccines. Not here. I'm simply saying that Bill Gates and all of his plans are a part of small group of people with a lot of money that think that they were given or they have seen the light, they are illuminated to know how to control the world better than the governments that we have now. President Trump is the fiercest enemy of that small group of people. And this is what Q-anon that what you thought cannon is all about. When it comes to unveiling the deep state actions and intentions within the US administration, the US Military, the US Secret Service the US Judicial system and all of that. They're everywhere. They're everywhere. I know personally that the secretary of state who is a born again spirit filled believer. Mike Pompeo, he doesn't trust 90% of the State Department employees. And I know that for a fact. And the State Department is afflicted by. The CIA is afflicted by. The FBI's afflicted by. The Supreme Court and other courts are afflicted by. Hollywood is in their hands. This is big. These people are evil. And they don't regards to the law or to human rights or to basic rights of people, of Children, of women. The they have satanic rituals. They have satanic mindset. They are dealing with child pornography, with sex trafficking. They're dealing with human sacrifices. Look, all of these things are coming out right now. But these things were known to so many. It's just that nobody wants to fight them because they are the elite. They control the courts, the media, Hollywood. They control the minds of so many. So you know, this is exactly why Jesus said that He will prepare the place. He's preparing a place and He will come and take us. So where He is we will also be. When the judgment, when the wrath of God is going to fall upon this evil world, it is going to fall upon this evil world because of these things. And when we see that we should not be surprised. This is exactly by the way why the Book of Revelation was written. It's a revelation both for us today as much as it was for the church's then to understand the direction this world is going to take. But also to understand that God will not stay so stand silent and He will bring to judgment all of those people. And everything they do will come to light. Now we're not the judges here. We're going to

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

judge with Christ later. But right now we're here and we're to expose evil and fight it as much as we can by doing the work of God. By doing... And the best way to save someone from the evil world is by giving him the gospel, is by presenting him the good news, is by making him understand that they is hope and there is life. And there is a way and there is only one in one life. And He is Jesus. That's it. And we need to be more invested into that. This is something that is important. Jesus, you know, he wants to find us when He take us doing the Father's business.

MIKE: Yeah, that's a profound answer. You know, just for those of you who are watching and asking all these questions related to this. A lot of the stuff we get we cover in our newsletter. And even this last newsletter Amir referenced an actual movie that was put together by a Hollywood stunt actor that's related to this topic. You could always go to our website that I put down below. And as soon as you log under a website you can sign up for our newsletter and our Bible bites which is weekly devotionals. Amir and Barry, we're running low on time. And I'm going to let this go a little bit longer because we did have a late start. But another urging another question some people were asking us. What role does the pope play in all of this and the Catholic Church? Pastor Barry, can I put that one to you? And then Amir, you want your response? What role is the pope in the end? Is it the Antichrist? Is the Catholic Church the beast? That's a question we have rolling who are our roster here.

Pastor Barry: Many think that that is exactly what the Catholic Church's role is there in the tribulation days. The vocal, the woman ride on the beast and many respected scholars hold that opinion. You know, I think one if we look at the fact that the Bible is talking about the global religious system there's an ecumenism that has to feed into that And I don't have any doubt that the pope is kind of leading the charge on that. Because he is the one who is standing multi faith prayer meetings and all the other things that we've been watching throughout history of late. He's made statements that you know covid-19 is the earth's response to man's indifference to climate change. And that puts living element to the planet and gives it a spirit if you will. And that's basically the worship of the Earth which is going to happen and manifested so fully doing the tribulation when those who know they're under the wrath of God the one who sits on the throne and the wrath of the Lamb aren't going to cry out to Him they're going to cry out to the planet. They're going to call out to the rocks and mountains

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

to hide them from the wrath of God. And so all of this I think is preparatory to that particular mentality during the tribulation. And I think one of the reasons that another reason I believe that Ezekiel scenario plays out early in the tribulation period is because if you look at the nations that are represented there save Russia all the other nations that are named Turkey Libya Sudan Persia they're all Islamic nations and the account for the vast majority. They are radical Islam. So if early in the tribulation period you have radical Islam basically eliminated through the destruction of these countries. Then that's going to I think open the world up to "Hey you know what, religion's cost a lot of problems. We need all get under the same umbrella." "We need all the worshipping one particular being." And I think a lot of this is being fed into by this egalitarian thinking. Everything has to be equal. There can't be one religion that's more valid than another. That can't be more one country that's more exceptional than another. That can't be one group of people who adds more than another. Everybody has to have the same thing. Everything has to be equal. Everything has to be on the same playing so to speak including religion. And as I said I do think that the pope is kind of leading the charge on this type of thinking. And we have to remember this is no small group of people. You know there's 1.4 billion Catholics around the world. And they look at him as the vicar of Christ the one who stands in the place of Christ. So what he says cannot be challenged. He's infallible. Whatever the pope says is equal the scripture. And all these things are being promoted by this religious system. And let me just say this. I you know, my wife was raised Catholic, know a lot of Catholics throughout the years who love Jesus and they're born again. And I believe that they have a legitimate relationship with the Lord. But I would say also this that they attend Mass. But I don't think they're Catholic by definition. They don't believe Mary is the Co-Redemptrix with Christ. They don't believe that you have to confess your sins to a priest. They don't believe in any of the tenets of Catholicism but they grew up with in the system. And that's what they're comfortable with. Now, are some of them going to wake up and be called out of this? I have no doubt about that. That happened with my own wife. I know that to be true for sure. But again I think there is proverbial "greasing the skids" that is going to take place fully during the tribulation period. And I do believe that the pope is being used to prepare the way. Now, whether he's the beast one or the beast two of Revelation 13. I'm not going to go there. But I do know that this man is going to have his associate is going to have religious power. He himself is going to be a political figure who creates through

diplomacy a global system that everybody is going to operate under according to revelation 17. So I'm not going to jump in to say the pope is the Antichrist. I don't necessarily believe that but I do think he's paving the way. MIKE: Okay. Well, thank you!

MIKE: By the way we have a message that we just aired a couple weeks ago. The rise of the one world religion. It's worth watching it for people to understand the role of the Catholic Church in this the paved road that that Pastor Barry just mentioned. MIKE: Yeah.

Pastor Barry: Hey Mike, can I say something about what Amir was talking about a moment ago before we get off? You know, a lot of people when they hear things like Deep State and Illuminati and things like that they frown on this some kind of kooky conspiracy theorist thinking. But I was thinking as Amir was sharing so wonderfully. This has long been with us. The Revelation points to the fact that there have been global dominating empires throughout the course of history. and they've been headed up by single individuals or a small group of people. And the Revelation talks about the fact that there are seven mountains and these mountains are kings and kingdoms. And we're told that five of fallen one and the other is going to rise up again out of the six. And then we know looking back on history that these five kingdoms global dominating empires headed by individuals are the Assyrians, the Egyptians, the Babylonians, the Greeks and are the Media Persia and then the Greeks. And there's single names that are associated with these things would go back. Think about Sennacherib. We could think about the Egyptian Ramses and the other Egyptian Pharaohs. And think about Nebuchadnezzar. Probably the most famous out of the whole batch. And then we could talk about Alexander the Great. And then we've got the Caesars. These are single individuals controlling and dominating the world in every form of fashion. So this isn't any conspiracy theory. This is fact. This is where the Lord has indicated the world is moving. So just kind of wanted to throw that out there. For anybody who hears about Q-Anon or deep state here's those figures it takes "Oh brother, conspiracy." Not conspiracy, Biblical fact.

MIKE: Yeah, thank you. Thank you. Amir, is there anything?

AMIR: Yeah, there's the message called "The Illuminati and The One World Government." It's a message I gave five years ago in the Philippines. And I go back to the time of Genesis three. You can

clearly see the light that supposedly people claim or gave to the people to understand that they need education to understand that there is evil in the world. Satanic brainwashing that started in the Garden of Eden. And it continued causing people to think that Satan is the good guy and God is the bad guy for forbidding them from tasting from the fruit. All of that is an ancient thing that starts in the Garden of Eden goes all the way through the ancient as Pastor Barry said the ancient cultures of Egypt and Babylon all of that. And eventually it made a land and fall in Europe and was skillfully knitted into something that later on landed in America and continued. So you can clearly see how from the Garden of Eden all the way to the empires of the East all the way to the European continent all the way to the American continent. Big families, big influence. Influential people literally think that they've seen the light and that they know better what this world should be like. And it's their mandate to change it. I really recommend watching that message. It's five years old. You know, it's as valid and as credible as it is. It could have been today.

MIKE: Thank you. So due to the time we will keep our promise and answer that last question. We'll just use this one to close. All of you've been very patient way way more questions than we can possibly answer. Amir, where is the Ark of the covenant?

AMIR: Um I'll tell you a story. Um I'll tell you a story. In 1967 Israel took back the old city of Jerusalem from the hands of the Jordanians. And Rabbi Shlomo Goren at the time was the chief rabbi of Israel. And one of the first things he did when he reached the Wailing Wall, the Western Wall he took a group of archaeologists and he started going along the Western wall underneath the Muslim Quarter. Understand that the Western wall that everybody can see today where people worship it's not part of a retaining wall that Herod the Great built to hold the entire temple mount of that time. And along that retaining wall there were several gates into the Temple Mount. Some of them are major gates on the top. Some of them are more secret gates further down below. And when Rabbi Shlomo Goren hit one of those lower. He actually entered into the space and crawled into some of those tunnels. And they say that they saw an object that was covered with animals skin. They say that the object was shape of the ark of the covenant. But he was so dumbfounded at what he saw that he couldn't speak. And he went out. Apparently he spoke too much. And then riots started all the way from Europe to Jakarta Indonesia by Muslims who claimed that the Jews they are digging

under the Temple Mount in order to bring down the Dome of the Rock. And what happened is that concrete was poured. And access to that place where Rabbi Shlomo Goren said he had seen the most probably the Ark is no longer available. Now, is it the ark that he saw? We'll never know. Is it in Ethiopia? They claim it is. I don't think it's there. But I know one thing though. I know that the ark in the second Temple period. So you don't need the ark necessarily. When I say it did not exist I mean it was hidden not found. So it wasn't there. That means that you won't need it necessary for the third temple. So the third Temple can be there. Now, it will be interesting ... Should the Antichrist do that to allow them to dig underneath The Temple Mount and may be recovering from there? God knows. Look, I don't know. We're not going to be here to know. All I know is this. The blueprints for the third Temple are ready. Everything is just pending on two things. The fall of men and the rise of the Antichrist to allow the Jews to build a temple. Later, He will claim as his place where he want to be worshipped as God himself. And so these two things are around the corner. The ark might be recover from underneath. I don't know. All I know is that even if it's not it will not stop the temple from being built and the antichrist to walk in and demand to be worshipped as gods.

MIKE: Thank you. Another thing we do know is I know it's not in my backyard and I know it's not in Amir's backyard because I've been back there. Barry is it in your backyard? Because we could rule out three of those places.

Pastor Barry: You know, it's not in my backyard. But I have an interesting story along those same lines of a briefing by Gerson Solomon who is the former IDF. General who was run over by a tank in the Yom Kippur War. And he was you know obviously fund raising for the Temple Mount faithful movement there in Israel. And they tried to set the cornerstone in the past have caused some stress there on the Temple Mount. But he was asked the same question. Where is the ark of the Covenant? Do you know where it is? And he said without hesitation "Absolutely. Center chamber under the Temple Mount. And when the time comes we'll bring it out." He made no hesitation or apology. He knew exactly.

AMIR: So he follows what I... Pastor Barry: Listened about it. So it's kind of interesting. AMIR: It follows exactly what I said. Pastor Barry: Yeah. AMIR: Yeah.

Q & A Session **April 17, 2020**

Amir Tsarfati/Mike Golay/Barry Stagner

MIKE: So again, folks, so many questions. If anything all of you are showing us that the questions are so many. We'll look at doing of course more of these. Especially during this period of time where you can come on. And we all have time during this virus piece. So we do want to close it off here. And we will ask Amir if you would be willing to give us a prayer. Maybe the Aaronic blessing which would be appropriate to.

AMIR: Yes, we'll have Pastor Barry to pray at the end and then I'll conclude the the Aaronic blessing. But maybe I'll throw it right now for Pastor Barry. Maybe we should do it on a weekly basis. So let's face it everybody's home right now. And they do have the time to watch these things. They have tons... They have tons of questions. And next week I'm going to move to an office that I found where I'm fixing it better quality. So we can do it regularly. If people want. There's tons of questions that I wish we could answer. But the lack of time. So Pastor Barry if you could end for the prayer.

Pastor Barry: Father we are so grateful to know you. We thank you that we serve a resurrected and living savior. We're not simply trusting in words that have been put to a page. But your book is living and powerful and it manifests itself in life and proves itself to be true time again. Even as we talk so frequently about fulfilled prophecy. Thank you, Lord for the information you've given us that instills us with hope and creating us of fervency and expectancy for your return. And Lord, I pray also that we've talked about the things that give us a bit of a time stamp of where we are in the prophetic timeline that we would have a great and burning passion for lost souls telling people about Jesus. So use these times and others like it to create in us that great burden that others would come to know our resurrected and living Lord. Thank you for our time today. In Jesus name we pray.

Yevarechecha Adonai Ve yishmerecha, Ya er Adonai panayv eylecha vi chuneka, Yissa Adonai panayv eylecha ve yaseym lecha shalom.

The Lord bless you and keep you. The Lord make His face shine upon you and be gracious to you. The Lord lift up His countenance towards you and give you His peace.

His Shalom that can only come from the Prince of peace, who is the Lord of peace, Who can give you peace now and forever here and everywhere. His name is Yeshua, Jesus. He's our salvation. He is our peace. And He is the way, the truth and the life. We thank you and we bless you. In his name. We

pray Amen Thank you guys for everything. We going to hopefully do it once a week. And I really hope be able to next time concentrate more on Bible answers. The dominant thing on the common section was all about Bill Gates and covid-19. I really want people to be more grounded in the Word of God. That an answer questions and get people more grounded in the Word.

MIKE: Yeah.

AMIR: Thank you Pastor Berry for being with us. Pastor Barry: Always a pleasure.

AMIR: Guys, we're going to do it again. But we love you and pray for us as we under a lot of pressure. ...commented here. Um everyone has his own thinking. I think that's fine. But we're here to direct people to Jesus. We're here to ... the truth and only ... this world. And that's what we want. We want people to ...knowledge of Jesus. And so that's what... God bless you, Mike You can end up this thing. And ah... have us back again next week. God bless you. Bye bye
