

Supco®'s extensive line of bake and broil elements set an industry standard for supplying a value option to the aftermarket. Our elements meet or exceed the same high-quality construction standards used by the original manufacturers. The outside sheath is made of high-grade stainless steel. The ends of the element are sealed with a high temperature silicone compound. This prevents moisture from getting trapped inside the element sheath and causing corrosion.

Part Number	Description	Volts / Watts	Dim "A"	Dim "B"	Dim "C"	Dim "D"
CH0213	BAKE ELEMENT	250V / 2500W	19.00	14.75	2.50	1.75
