

PRESSURE CLEANERS

Made in Australia
SINCE 1982

HP21-200E HD

Cold Water Cleaner

Specifications

- ➔ 200 Bar (2900 psi) pump pressure
- ➔ 280 Bar (4060 psi) EWP pressure (optional)
- ➔ 21 Litres Per Minute pump volume
- ➔ 415 V 10 hp Electric motor
- ➔ 1450 RPM low speed pump
- ➔ 20 Amp plug 3 phase
- ➔ Heavy duty machine

Standard Equipment

- ➔ Interpump brass head pump
- ➔ 10 Metre high pressure hose
- ➔ Insulated on/off pistol assembly
- ➔ Single lance with 4-way adjustable nozzle
- ➔ High & Low pressure mode
- ➔ Adjustable chemical injector with 5 L bottle
- ➔ Operating and Maintenance manual

Features	Benefits
Interpump with ceramic pistons and brass head	Non-corrosive pump head to extend pump life and reduce maintenance costs
Water cooling tank	Protects the pump in bypass, when pistol trigger is closed
Inlet water filter	Stops debris from scoring pistons and seals
Pressure gauge	Easily monitor pump performance
3 Stage powder coated zinc annealed chassis and frame with 4 solid wheels	Resistant to corrosion, extends machine life and has great manoeuvrability
